Pilot Killed In Plane Crash

A single engine Cessna 150 crashed during take off at the Grayling McNamara Airport on Friday, October 13, killing the pilot.

Louis Charles Hook, 65, from Flint, had landed at the Grayling Airport only minutes earlier with a passenger, Sally Seaver, of Owosso, who got out at the airport.

SSG. Dennis Palmer, Assistant Airport Manager, said Hook's airplane had been refueled and he was attempting to take off from runway 32, for a return trip to Dalton Airport in Flushing when the accident occurred at 4:34 p.m. He was alone in the airplane.

Eyewitnesses of the crash, Sally Seavers and Rex LaLonde, 42, of Mt. Morris, owner of the airplane, said the right wing and nose of the aircraft hit the ground almost simultaneously, causing the aircraft to bounce once before it came to rest on a grassy area beside the runway.

The Grayling City and Township Fire Department had to remove the left wing and use the Jaws-of-Life to free the victim. He was taken by ambulance to Grayling Mercy Hospital, where he later died.

F.A.A. investigators arrived at about 11 a.m. on Saturday, October 14, and authorized the placement of the airplane in the fixed base hanger at the Grayling Airport, where they are continuing to investigate to find a possible cause for the accident.

Palmer said in addition to the F.A.A., the accident is being investigated by the Cessna Corporation and Continental Engines.

Llama to be Auctioned For United Way

One of the celebrity auctioneers this year will be Tom Hunt of the famous "Pig Roast" Hunts. Tom will be auctioning off a year old llama that he just recently transported to Michigan. The Hunt Family has family business enterprises in Kenya as well as Ohio, and specializes in the care of exotic animals. The llama will make a live appearance at the United Way Auction to be held on November 4th at the Knights of Columbus Hall.

Other celebrity auctioneers are Judge Tom Davis and Paul Thomson. Their special auction items will be discussed next week along with more information regarding "Bachelor Auction".

Deer-Car Accidents More Than Double Since '82

It's that time of year again, when the deer population begins to increase its movement and unfortunately for some motorists, some of this movement includes crossing the county's roadways. In just one week, October 2 to October 8, 13 car-deer accidents occurred in Crawford County.

Michigan's deer herd, approximately two million, is the second largest herd in any state in the nation, and is Michigan's largest deer herd in years. Because most of Michigan's deer herd is located in northern Michigan, Crawford County motorists need to be especially alert at this time of year.

Crawford County Sheriff Department annual reports show a large increase in the number of car-deer accidents since 1982. The increases are as follows:

Crawford County total -	1982 - 117
	1983 - 137
	1984 - 204
	1985 - 211
	1986 - 284
	1987 - 242
	1988 - 301

Conservation Officer Bruce Patrick explained that there are various reasons for deer movement in the fall.

"Rutting season causes the bucks to move," he said, "and this accounts for the increase in road kills of males over females in October and November over other parts of the year."

The beginning of the different hunting seasons: bird, small game, and archery deer season, also cause the deer to move more. As people traffic in the woods increases, so does the

critter traffic on the county's roads as they scurry to stay out of harm's way.

Patrick said deer are especially unpredictable at this time of the year and drivers should be aware of this, and take additional precautions when driving, particularly at night.

According to DNR studies, most car-deer accidents occur on paved local roads, within the driver's home county. Most accidents happen at night, when it is difficult to see deer, and serious injuries and human fatalities occur most often when drivers attempt to swerve to miss deer, losing control of the vehicle and hitting another object.

Man-Made Clouds Not Needed For Laser Testing

Camp Grayling and U.S. Army officials have decided not to use the man-made clouds (of fog oil and graphite) for their laser testing project.

This change was announced by the military during a press conference at the testing site Wednesday, Oct. 11. A military spokesman said they had decided not to use the fogging materials because they did not work as well as anticipated and Mother Nature has been providing ample fog and rainy conditions needed to conduct the tests.

David Harris, public affairs officer for the U.S. Army Missile Command based in Huntsville, AL, attempted to calm public concern about the laser testing by saying, "We're not going to hurt you, we're not going to hurt your kids, we're not going to hurt your wildlife, we're not going to hurt your environment."

Harris assured members of the press that "these people know what they are doing."

Joe Chavez, project engineer with the White Sands Missile Range, was also present to answer questions concerning the laser missile guidance system tests.

A 100-person team from the White Sands Missile Range in New Mexico arrived at Camp Grayling in September for two months to test the U.S. Army's Line of Sight-Forward Heavy Missile Air Defense System. Actual laser testing began on Monday, October 9, and could conclude as early as the end of October if the weather continues cold, wet, and foggy. One of the objects of the tests is to see how well the laser guidance system works in inclement weather.

FATAL CRASH - Louis Hook, 65, of Flint, was killed on Friday, Oct. 13, when the Sessna 150 he was flying crashed at the Grayling McNamara Airport.

Domestic Violence Hits 33% of Homes

(October is National Domestic Violence Awareness month and River House Shelter in Grayling has been providing services to victims of family violence in Crawford, Oscoda, Ogemaw, and Roscommon counties since October, 1986. The shelter offers a variety of services, including a twenty-four hour crisis line and a safe home. During the month of October, River House will present a three part series about domestic violence, the help that is available for victims, and how individuals and communities in the four-county area can assist the shelter. In the first part of the series, the dynamics of domestic violence are discussed).

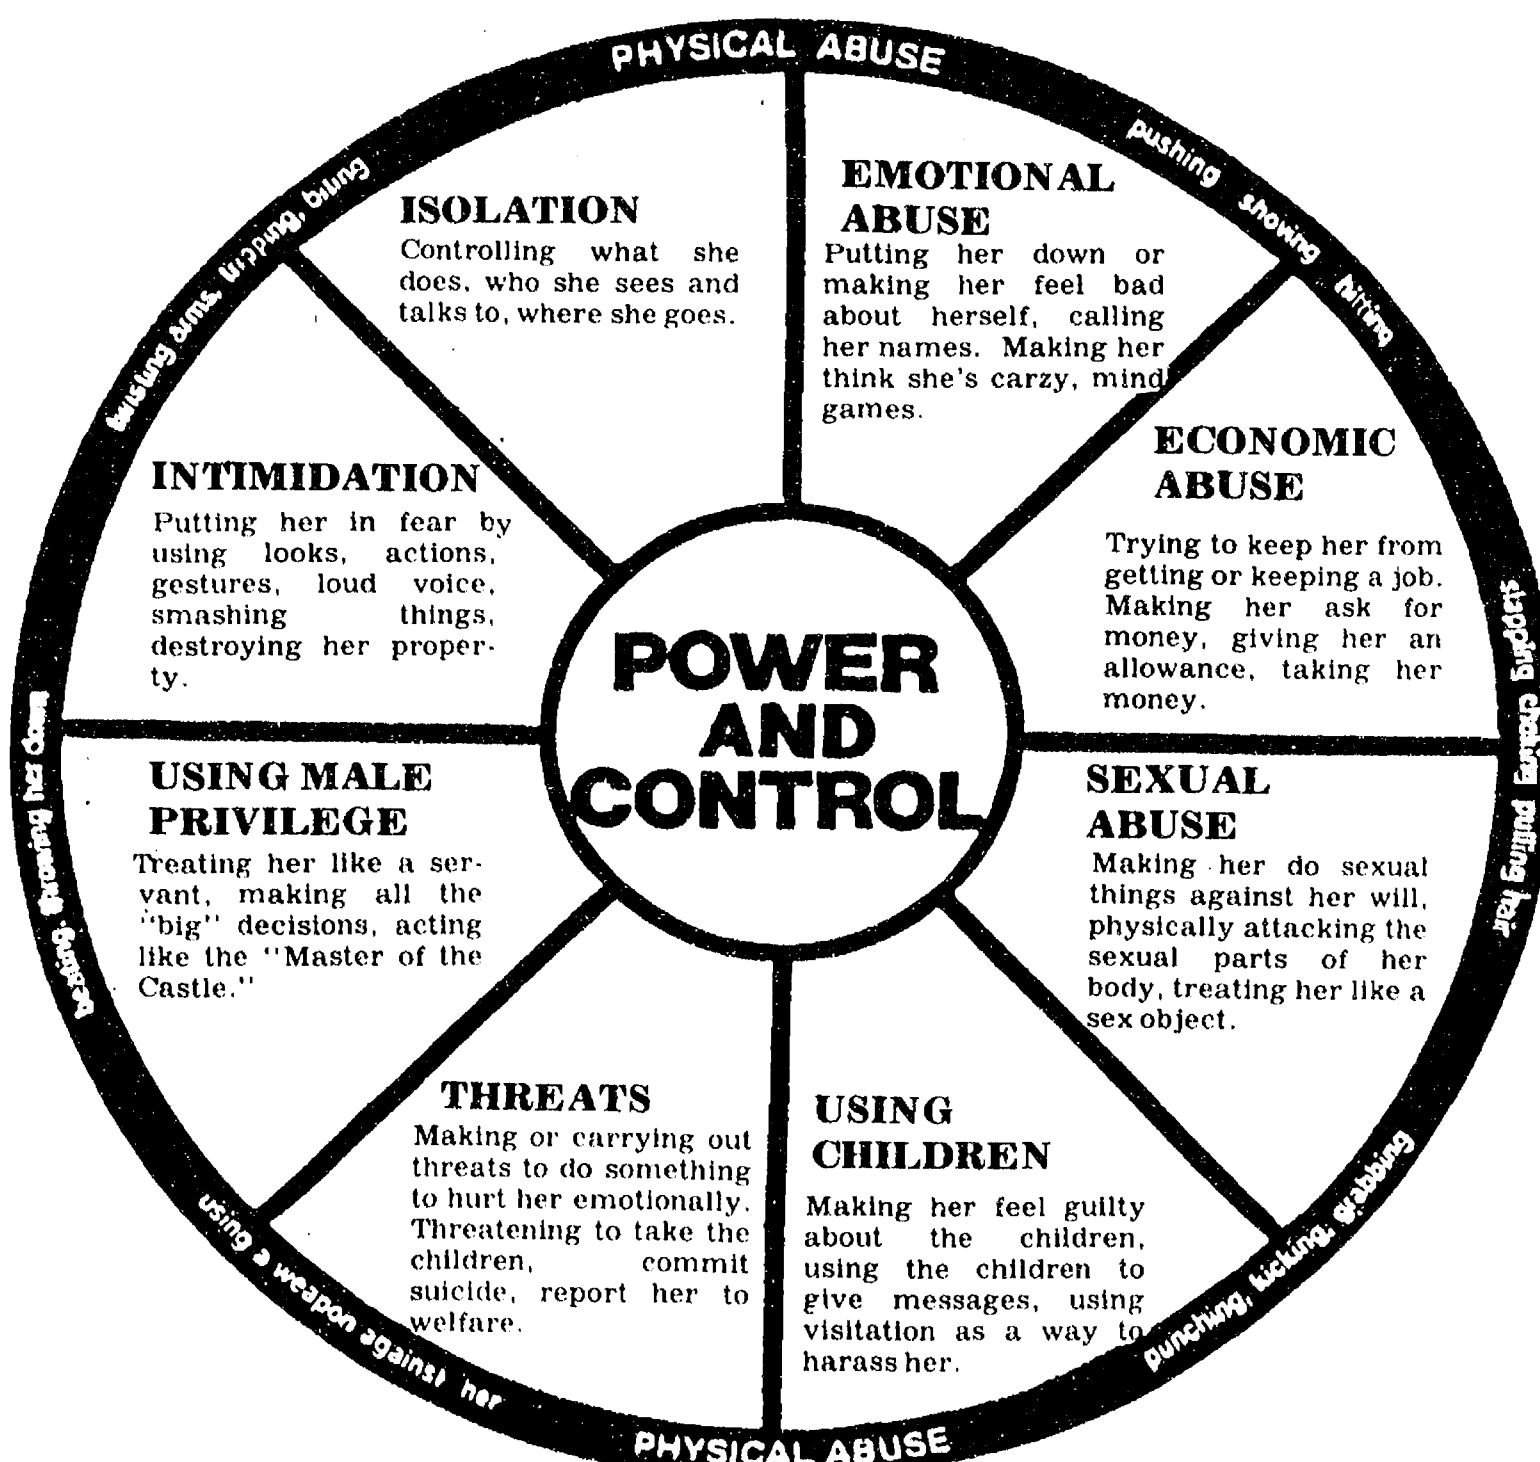

By Barb Sands
River House Shelter Outreach Coordinator

Statistics show that one out of every three households in the United States will experience some form of domestic violence within the year. This includes physical, as well as verbal, emotional, and sexual abuse. The victims will be both male and female, adults and children, but 98% of the adult victims will be female. One half of the homes will have abuse to the children. Of these children, approximately 20% will experience sexual abuse by a family member.

The above statistics may shock you. Perhaps you are telling yourself that it doesn't happen here or that it hasn't happened to you or anyone you know. It's possible that you believe some of the myths about domestic violence. For instance, do you believe that it is only a "big city" problem? Do you believe that it only happens to low income families or families with an alcohol or substance abuse problem? Do you believe that the victims in some way enjoy what happens to them or that they probably deserve to be abused? These are some of the myths.

The truth is that domestic violence is not an issue of age, sex, race, education or socio-economic status. Alcohol or substance abuse is not the cause of violence, it is often used as an excuse for abusive behavior. The victims neither enjoy the abusive treatment, nor do they deserve to be abused; in fact, the victim is never at fault. Domestic violence is a complex issue of

Local Residents Can Recycle Oil Instead of Dumping It

Roy V. Spangler, CED
Cooperative Extension Director
County Building Grayling, MI 49738

Working with household hazardous wastes on a daily basis it's come to my attention that the majority of my calls deal with two major household items: waste oil, and unused paints. In the little space we have I'd like to talk with you about the proper disposal procedures for each of these common household items.

If you're like most of us who live in a rural setting you probably change your own oil. It's been estimated that in Michigan 11 million gallons of used oil ends up in our environment. This usually ends up down in the sewer, in the empty lot next door, and/or in the ditch "out back".

Regardless where it ends up, oil contains many toxic substances such as lead that we should keep out of our environment. It's hard to believe but 1 quart of oil will foul the taste of 250,000 gallons of water. A pint will create an oil slick about an acre in size on surface waters. Oil will kill organisms and other forms of aquatic life that live in the water. The recent spill in Alaska sure proves oil can pose problems for the aquatic environment. Rather than providing a long list of oil associated problems, why don't we look at some solutions.

Perhaps the best way to get oil out of the waste stream is to take the used product to an oil recycling site. When you change your oil, place the used product in a plastic container such as an

old milk jug for transport to the station. Make sure to cap the product so it won't spill on anyone in the car. At the station the old oil is collected until a recycling firm can pick it up.

In Crawford County, homeowners may take used oil to the Crawford-Ostego landfill off Sherman Road in Maple Forest Twp. (About 4 1/2 miles north of County Road 612). The landfill prefers the oil to be in plastic milk jugs. No used oil will be accepted from businesses because the landfill can't handle large quantities right now. No 55-gallon drums with oil will be accepted. There will be a limit of four gallons accepted from each homeowner. There is no cost to leave the oil at the landfill.

Homeowners may also take used oil to these places in nearby counties:

Roscommon: Crossroad Service Station, 9105 County Rd. 100; Ray's Auto Service, 9390 W. Higgins Lk. Drive; Wuerfel Service, 501 Lake St.; Larry Porter Ford, M-18 South; Gaylord: Alpine 76 Service, 305 S. Otsego; Johnson Oil Company, (Marathon Station) 502 S. Otsego; Fairview: Fairview Garage, 1988 Miller Rd.; Mio: Foster Oil, 310 Morenci; Luzerne: Hardward, 2244 Deeter.

Remember, don't add any other products to the oil. This makes recycling difficult and may create unnecessary hazards.

Another common product found in most homes is unused paint. It seems like no matter who I talk to they always have some old paint they want to get rid of. Why is there so much paint out there? Because for the most part people can't pass up a sale. If one gallon of paint costs \$10 and two gallons goes for \$15, the majority of shoppers will buy 2 gallons whether they need it or not. Nine times out of ten that remaining quantity will never be used and sits in a basement until someone gets tired of looking at it or it starts to leak!

As obvious as it sounds the best way to combat this situation is to purchase only the amount needed to do the job. If that doesn't seem to work try to find folks who could use the product. Giving away the unused product sure beats storing it for the next 30 years. Finally, if all else fails you may have to dispose of the product.

If the paint is latex all you have to do is take the can outside to an area that is well ventilated (away from pets, children), open the lid and stir some kitty litter or sawdust and let it air-dry. Soon the paint will turn hard as a rock and you can dispose of it in the regular trash. If the product is oil based, the best home for that product is at a household hazardous waste collection day. If there is no collection day available then you may want to try to solidify the product as above. Another method is to line a cardboard box with plastic and pour thin layers of paint onto the plastic and let them dry one layer at a time until the paint is used up. (With the oil based products this procedure will take much longer). Then you can place the hardened product in a plastic bag and dispose of it in your regular trash. A final method for those of you who have small quantities of oil paint left is to paint pieces of cardboard or newspaper and let them dry. After they dry, dispose of them in the regular trash.

If you'd like more information regarding household hazardous wastes, contact your local Cooperative Extension office.

School Proposals On Chamber Program At 'Eggs and Issues'

The Grayling Regional Chamber of Commerce will be holding an "Eggs N' Issues" breakfast program on Thursday, October 26, at Chief Shoppenagons Hotel at 8 a.m.

Guest speaker, Kent Reynolds, superintendent of Crawford AuSable Schools, will inform chamber members and guests on the current school ballot proposals.

Call the chamber office, 348-2921, for reservations.

Fashion Show Earns \$900 for United Way

A fall fashion show fundraiser earned over \$900 for Crawford County United Way. The event was sponsored by the Chief Shoppenagons Hotel and Ivie Girl of Grayling and Kathleen's Plus Fashions.

More than 150 persons viewed the latest fashions at the Chief Shoppenagons Hotel last Thursday evening, all in the name of benefiting the Crawford County United Way.

The Hotel was transformed into a fashion boutique as 22 local women modeled fashions from Ivie Girl of Grayling and Kathleen's Plus Fashions. Clothing ranged from "Dress for Success" to "Generations of Fashion" (showing entire families dressed from these stores), to "Cozy Comfort" (including jogging suits and nightwear) to the smashing finale of "Party Time." All proceeds from the evening go to the United Way Auction, a part of the commercial division of United Way.

United Way Aims for \$55,000 To Help 15 Local Agencies

The Crawford County United Way is a non-profit volunteer citizens' organization that raises funds to distribute to agencies which deliver human services to Crawford County residents. Fifteen local agencies will receive funding from the 1989 campaign.

In examining the list of local United Way agencies, you will probably find one or more that have touched you or a family member or a friend. By contributing to United Way, you help ensure that services will continue to be available to you and the people you care about.

Of the 15 agencies that will receive funding from the 1989 campaign, the Crawford County Chapter of the American Red Cross is the largest. In fact, the United Way funds the entire

Red Cross program in Crawford County.

The services of the local Red Cross include providing food, clothing and, in some cases, shelter for victims of burnout; free handling of emergency messages between families and their servicemen and women in the United States and overseas; and offering classes in first aid, water life saving and certified CPR for business, industry and educators. Organizing blood drives and collecting blood from local donors is another major project.

The Red Cross offers other services too, such as free blood pressure clinics in conjunction with Mercy Hospital, assistance to fire fighters and county law officers, and assistance to veterans.

Other agencies funded are the AuSable Ministerial Association, AuSable Valley Youth Services Bureau, Crawford County Sibs For Kids, Boy Scouts, Community, Family and Children Services, Crawford-AuSable Day Care Center, Crawford County 4-H, Girl Scouts, Hospice, Kenquest House, Mercy Child Care Center, New Life Community Services, River House Shelter, and St. Francis Prison Ministry.

The goal of \$55,000 will ensure that the proper allocations are met for the 15 community service agencies. To obtain a pledge card or to make a contribution to the local United Way, please write to: Crawford County United Way, P.O. Box 171, Grayling, MI 49738.

Remember, once a year we ask because every day people need.

Northern Views

By Jon Thompson

A lot of people in Crawford County change the oil in their cars and trucks. Then they dump the used motor oil in a little hole in the ground along the driveway. Or they spread it around on some weeds in the backyard. Or they sneak it into the garbage for the city refuse pick-up service or hide it in the garbage and toss it away at the Grayling Township transfer station.

Used motor oil contains toxic substances produced from engine use such as lead and other additives designed to improve engine performance. This oil and other stuff should be kept away from ground water and surface water.

It's easy to see what oil does to lake water. One quart of oil can foul the taste of 250,000 gallons of water. One pint can make an oil slick as big as an acre on one of our lakes.

It's harder to see how far oil can spread underground but water and contaminants move through the ground faster than most people realize. Why take a chance of ruining your own drinking water or a neighbor's by dumping used oil in

the ground?

It's a little extra work but we should pump the oil in a plastic jug and take it to a recycling station. It takes one 42-gallon barrel of crude oil to make 2 1/2 quarts of motor oil. It only takes 1 gallon of recycled oil to make the same 2 1/2 quarts of motor oil.

The page three story in today's Avalanche lists some of the stations you can take used oil. There are places in Gaylord, Roscommon, Higgins Lake, Mio, and Fairview for recycling and the Crawford County landfill is taking used oil to recycle or burn in an incinerator they hope to build; but there is not a place in Grayling currently listed with the Michigan Used Motor Oil Recycling Program. Is there a place in Grayling that would like to join this program?

It's working in other areas and the more places that accept used oil, the more oil we'll keep out of our rivers, lakes, and groundwater.

For more information about recycling oil, leave a message at 1-800-634-9504, the West Michigan Environmental Action Council.

THE AUSABLE RIVER

By Elmer L. Fenton

The Ausable River: a river that flows through some of the most beautiful country in Michigan. At one time the Ausable River was a stream of sewage for many miles.

Some of you may remember when there was an outdoor privy over the river. This privy was situated about where the falls is now located. It was used by the one hundred fifty big mill workers. This mill was located behind the present library location. This privy was not a one holer. I was one of the culprits who helped to tip it over and send it down stream.

Not to be outdone by this source of raw sewage the DuPont Avenue homes and factory joined in just below the lower bridge. DuPont Avenue consisted of a row of factory workers' homes located across from the present shopping mall. There was a large sewer pipe under State Street running directly from the DuPont Factory area to the river. This flow of human and plant sewage and acids helped to poison our beautiful river.

Now Grayling also had to join in the parade of river polluters. Just below now Penrods cabins there was a sewer line

into the river. This line helped to dispose of the sludge from the processing plant. This material flowing down stream really gave the River bottom a good coating of dissolved toilet paper and the ingredients mixed with it. What a mess.

It is true that a few cans and bottles on the bottom and bank are too many.

Some years ago the Explorers Scouts with the aid of others started to clean up the river. This went on for several years. Later other civic minded groups and organizations joined in the clean up campaigns.

The present day fly fishermen are lucky to be able to wade the BEAUTIFUL AU-SABLE RIVER. In former years the waders probably would have had their boots eaten off by acids.

It seems to me that the canoe rental stations would be unable to control the littering and foul language by a few slob. One can hear the same type of language on most city street corners.

I have seen the previous happenings take place during the years since 1914. This is the year that I became a resident of the Grayling area. I love and cherish all of those years.

ALL ABOUT TOWN

CANDIDATES' NIGHT

"FIRST, A NOTE OF REASSURANCE. I HAVE A MINOR EYE INFECTION AND THERE IS NO INTENDED SYMBOLISM."

Let's Talk About It

By Joe Murphy

When Mr. David Ward died in 1900 at the age of 74 years Crawford County lost a man who had plans that might have made Crawford County one of the most prosperous in the north. Mr. Ward, or more properly Dr. Ward, held a degree in medicine from the University of Michigan. He never went into the practice of medicine for he found surveying land much more profitable. His fee for surveying was one quarter of the land surveyed.

He soon became a man with a lot of land holdings and considerable wealth. A man who had walked through it told him of the vast stands of pine along the headwaters of the Manistee River. With a woodsman by the name of John Bailly as companion and guide David Ward came and found it to be the finest stand of cork pine found in Michigan. While looking the timber over they found that timber lookers for the Soo Canal Company were in the area also. Mr. Ward went off in a mad race to beat them to the government land office in Ionia. In spite of the fact he had to go to Detroit to get the money, he beat them by a matter of a few hours. Mr. Ward filed a timber claim on sixteen thousand acres of prime timber land.

This occurred in 1854. By the year 1857 Mr. Ward had many camps in the area. He had leased engines from the Michigan Central Railroad and laid track to East Jordan to haul the logs out. It appears that the logs were shipped to mills to be sawn into lumber. Near

the end of the 1890's work was begun on the town and mill at Deward.

Mr. Ward died in 1900 before the mill was completed. In his will he had stipulated that his assets were to be liquidated twelve years after his death. The mill was completed after a squabble among the heirs. The mill was one of the best ever devised. When it went into production, it produced two hundred thousand board feet working two ten hour shifts a day. Deward became a boom town with a difference, it was a company town and no saloons were allowed there. Deward was a nice town with a church and school and a community hall over the company store.

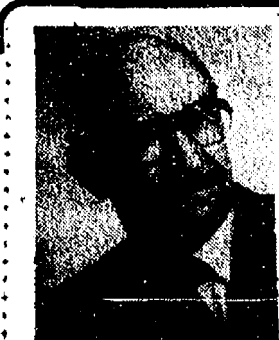

If Mr. Ward had lived I think things would have gone at a much slower pace. But as they were working against the twelve year deadline the administrators wanted to make the most profit out of the years they had to operate. Mr. Ward had stated that he wanted to preserve part of the timber land for the public. Perhaps if Mr. Ward had lived a few more years we would have the chance to see some of the prime timber shown in old pictures.

The Ward holdings were sold and the timber was cut of the last tree. A few people lived in Deward up on till the thirties. Mrs. John Olson lived there in the house built for Mr. Ward till the nineteen forties. Upon her death the estate house was torn down and Deward became a memory.

Almanac

By Richard Millman
Avalanche President

Let's hear it for ordinary folks

ORDINARY PEOPLE can score in this life, too. A couple of cases in point:

HOW ABOUT FRED Molnar of Wyoming. He runs a little bar in the little town of Alpine (population 97), called Jeep's Bar. That's because Jeep has always been Fred Molnar's nickname, ever since his father hung the tag on him when Fred Molnar was a kid, 52 some years ago.

Well, Chrysler Corp. objects to Jeep Molnar calling his bar Jeep's Bar. Chrysler contends it infringes on the trademark name of the four-wheel drive vehicle, which Chrysler holds. Among other things, Chrysler wanted Jeep Molnar to add the words "bar and lounge" on T-shirts advertising the bar.

He said he would if Chrysler would add the word "vehicle" after the name Jeep "so they don't confuse it with my bar."

THE TWO SIDES hassled for eight months before they came to a resolution:

Jeep can keep the name of his bar as it is, but he can't expand into new businesses or franchising, and can't use the Jeep truck logo.

Chrysler said it would drop the matter, won't sue, and even sent Jeep a check for \$3,900 to cover his expenses for a trip to Detroit a while back to talk things over.

Back in the old, old days -- that's even before World War II when the jeep vehicle first became popular -- the nickname of Jeep was not all that uncommon for kids.

One of the popular comic strips of the time -- Popeye, if memory serves -- had a funny little animal from outer space or somewhere named Eugene the Jeep. Lots of little boys named Eugene were automatically nicknamed Jeep, back in the late 1930's.

That's probably where Jeep Molnar's nickname came from. And that pre-dates the wartime development and popularity of the four-wheeled vehicle which helped win World War II -- and which is the direct ancestor of today's Chrysler Jeep.

So let's hear it for one of the ordinary people -- Jeep Molnar -- who stared one of the world's biggest corporations square in the eye and came out unscathed. Good for him.

THEN THERE'S Tony Wilson's mother, over in Southampton, England.

Tony Wilson is a light

heavyweight boxer...in fact, he's a former British champion. He was fighting previously unbeaten Steve McCarthy, and not doing too well, either. Mama Wilson decided to take a hand.

She climbed into the ring and went after Boxer McCarthy with her shoe, cutting his head so severely that the referee stopped the bout and declared her son the winner by TKO.

The crowd went wild. McCarthy fans started throwing things, another boxer claimed he was stabbed, winner Wilson and his manager were attacked, and Mother Wilson was hauled from the ring by a security guard -- by her hair.

"I don't understand what happened," said Tony Wilson. "My mother has been watching my fights for years. Everything just went wild."

Now there's a proud mother. Tony Wilson better treat her extra nice...and he better do more for her next Mother's Day than just send a card.

Chalk up another win for an ordinary mother, pursuing her ordinary ways.

FINALLY, THINK about 13-year-old Chantee Charles who was invited to the White House to serve as backdrop while President Bush demonstrated how important his "war on drugs" is for the well-being of young people.

Chantee, when given a chance to speak, grabbed her heart in her hand and said what was on her mind, and that wasn't what was expected of her. She talked about the sanctity of life, and why we should not inflict the death penalty on criminals, even on drug kingpins and killers of law officers.

The death penalty is one of President Bush's weapons for fighting crime and drugs. He strongly favors its use to deter crime.

It took a lot of courage for an ordinary student such as Chantee Charles to go against the grain and deliver what to her was an important message when she had the chance. True, it wasn't the best of manners on her part; but she obviously believed that she had to do what she thought was right when she had the opportunity.

Of course, this illustrates that Chantee Charles -- as the other two ordinary people cited earlier -- is not ordinary at all. Really, nobody is ordinary. Everyone is special in some special way.

"Miss Niblock, is that a personal call?"

Good News

from the Crawford AuSable School Board

Homecoming! Oh, what a week. We wonder why all the chaos? Teachers practice patience. Parents complain that kids are tired, sick, cranky and not doing homework. Mothers run and dads can help build. Class sponsors think about resigning. Is this frivolous activity contributing to the education of our children? The answer might be a surprise - yes.

The ritual of homecoming is an emotional coming back for alumni as well as a celebration of school spirit. Homecoming is a learning experience also. The process contributes to the development of life skills in several ways.

Strategic planning is very important to the process. Developing the theme, establishing the ground rules and implementation of the decisions is a first for many students. Decision making skills are exercised throughout the projects.

Organization and cooperation are lessons hard to come by. Through the bickering and disagreements students learn that being organized and prepared is a necessity for accomplishing a successful project. Cooperation is always the key to a top placed float or window and certainly important to winning tug-of-war.

Resourcefulness is a life experience that many of us never realize until adulthood. Have you been able to watch or listen to the

kids? Where to get a bale of wire; how many staple guns; whose trailer and truck; how many pieces of wood and what can you do with five cans half full of different colors of paint; all examples of the resourcefulness of these kids.

Creativity - there are those who are creative and those who are so very good at producing someone else's creative ideas. Students are able to learn that there is a need for both types.

Too often our children are led to believe that they will be lost in the shuffle if they are not creative and ingenious. These types of projects prove the results of hardworking, diligent and dependable individuals. The creative idea would never become a reality without the ability of someone who can materialize the ideas.

Best of all is the fun and camaraderie of most of the students, parents, teachers and administrators. The staff participates in some of the games demonstrating good sportsmanship. Parents and teachers work side by side with students providing opportunity for communication and awareness of each other. Of course, members of the community participate willingly with supplies donated, beautiful cars for the parade, windows to paint and genuine support of the students. Yes, homecoming is a positive learning experience.

Domestic Violence

Continued from page 1

power and control. As shown in the diagram of the Power Wheel, the abusive person uses various techniques to control the other person in the relationship. Please note that while physical violence is only a part of the whole system of abusive behavior, it is never an isolated behavior.

The methods of control shown on the Power Wheel combined with certain characteristics of both the abuser and the victim, are the factors that cause the cycle of violence to continue. The abuser and the victim both suffer from low self esteem. They usually witnessed abusive behavior in their childhood homes or were abused as children themselves. They generally believe in the male-female role stereotypes. In addition to having the previously mentioned

characteristics in common, the abusers blame others for their actions and the victims see themselves as somehow at fault. Since these characteristics and the abusive behavior patterns developed during both partner's childhood, without professional intervention the cycle of violence will continue and the children of the relationship will observe and repeat these patterns.

The River House Program is designed to provide alternatives to this cycle of violence. In part two, we will discuss the services available to victims and their families through the River House Program. In part three we will discuss how interested individuals, church groups and community service organizations can assist River House in promoting domestic harmony.

Deer-Car Accidents

Continued from page 1

To help reduce the growing number of car-deer accidents, Farm Bureau Insurance is offering Michigan motorists a car-mounted warning device that helps keep deer off the roadway. The device is manufactured by Sav-A-Life, Inc., and is available from Farm Bureau Insurance agents and county Farm Bureau offices throughout the state at a discounted cost of \$6.

Tests indicate that the Sav-A-Life deer alert device is at least 80 percent effective in keeping animals off the road and away from approaching cars. The device, about the size of a thumb, mounts on the front of a vehicle and is activated by onrushing air. It emits an ultrasonic frequency, inaudible to humans, that alerts deer up to one-quarter of a mile away and usually stops them in their tracks before they cross roads.

Pets in the car are not affected by the signal, according to the manufacturer.

In addition to car-deer accidents, porcupines and opossums are two slow moving animals that are commonly found along side Crawford County roads, victims of road kill.

"Ten years ago we did not have opossums living in Crawford County," said Patrick. "Milder winters have allowed these animals to expand their range and now they are seen here regularly."

Patrick said opossums are slow and rather dimwitted animals, and he suspected that many of the road kills are the result of intentional hits.

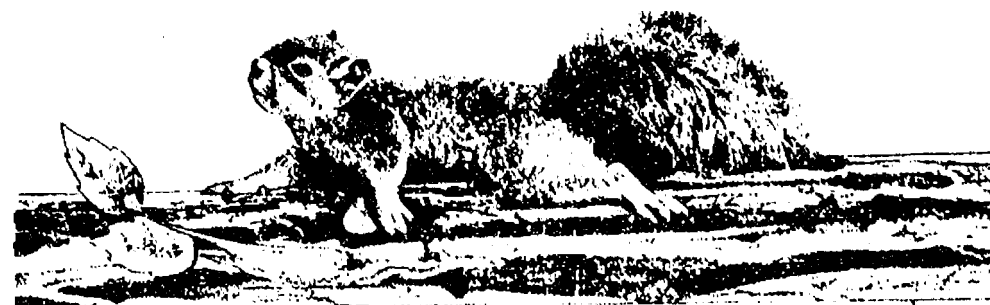

Military Notes

Air Force Airman Buck W. Monforton has arrived for duty at Grand Forks Air Force Base, N.D.

Monforton is an apprentice fabrication and parachute specialist with the 319th Field Maintenance Squadron.

He is the son of Joyce A. Kaiser and stepson of Dick K. Kaiser of Rural Route 1, Frederic.

His father and stepmother, James F. Monforton and Judi A. Doan, reside on Rural Route 4, Gaylord.

Thank You Grayling

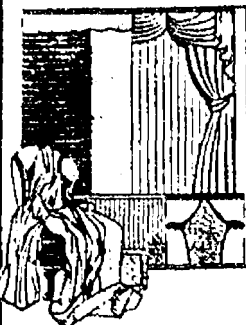

It's the time of year for us to extend our Thanks to all of you who have made our success possible.

Please stop in on Thursday, October 19th and join us for cider and donuts, as we join Grayling in saluting itself and the many fine members of our lovely community.

Laser Testing

Continued from page 1

The final flight of the fixed wing aircraft (A-1 jet) concluded on Oct. 12 and it has returned to New Mexico. The Military anticipates that all equipment from both test site and the base camp will be removed by Nov. 12.

The Army considered 286 training facilities for the test site. Only Camp Grayling met the weather and terrain requirements. According to Harris, the only drawback to Camp Grayling was its size. The Camp Grayling site was not large enough to accommodate test firing of the missiles.

Environmental and conservation groups have expressed concern regarding possible hazards to the environment, wildlife, and humans from the laser testing.

4-H Hosts Teens Day On Kirtland Campus

If you like to have fun, learn new things and make new friends,

then the 4-H "Teens on Campus" program is for you. It is a day of learning and exploring for youth in Roscommon, Crawford, Ogemaw and Oscoda Counties. With the cooperation and support of Kirtland Community College, volunteer teachers and interested parents, a variety of classes are being offered.

"Teens on Campus" will be held at Kirtland Community College on Saturday, November 4, for 6th through 12th grade students. You do not have to be a 4-H member to attend. Class sessions will include: X-Country Skiing and Ski Skating, Clowning Around, Intro to Automotive Technology, Tole Painting, A New Look, Life After High School, Choosing a Career, Picking your Photo, Microwave Magic, Starting an Insect Collection, Pet Care, I'm OK, Jazzercise, How to be Recycle Ranger, Meet the Boss, Take Charge of your Life, Geology, Skin Care and more.

Participants will choose four sessions to attend. Cost for the program is \$5, which includes lunch and class materials.

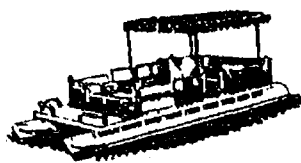

Forms for registration are available at the MSU Cooperative Extension Service Office in Crawford County. For more information contact Shelley Hubbard, 4-H Program Assistant, at 348-2841, ext. 284.

Registration deadline is October 20, 1989.

By Nancy Lemmen
Poet and former actor David Glicker has been hired by the Crawford AuSable School District to teach English and direct theatrical productions at Grayling High School.

He earned a bachelor of fine arts in theatre arts and speech from Wayne

State University in 1972. After graduation, until 1987, he lived in a variety of cities, including London, New York, Seattle, Boulder, Los Angeles and San Francisco, where he acted on stage and radio, in films and for book cassettes.

David says that he also worked "varied jobs to support acting

interests when I wasn't receiving enough financial reward," including a cook for restaurants and catering companies, courier, factory laborer and acting teacher.

In 1988, he and his family returned to Michigan, where he attended Grand Valley State University to

major in English and earn a secondary education teaching certificate.

His interests include: writing poetry, reading (especially mythology), nutrition, backpacking and weightlifting.

David and his wife Deborah, who is also an actress as well as an administrative assistant, chose to move to Grayling because it is rural and beautiful. "I love the trees and fungus," he adds.

The Glickers have two sons: Evan, eight, a 3rd grade student at Grayling Elementary, and Jason, four.

David filled the vacancy created by Robert Hannan, who moved to Community Education director. His assignment includes American Literature, World Literature, Appreciating Literature and Writing with Authority. He will also direct the GHS winter play.

The following persons appeared in 88rd District Court before Judge Francis L. Walsh:

Stanley Dale Ball, 27, of Roscommon, was bound over to circuit court on a charge of manslaughter/homicide with a motor vehicle. A \$10,000 personal bond was set.

Edward Klenutski, 28, of Owosso, deman-

ded preliminary examination to a charge of receiving and concealing stolen property over \$100. Bond was set at \$2,000. Patricia Carter, 38, of Grand Rapids, plead guilty to a charge of non-sufficient funds check under \$50. She was sentenced to 30 days in the county jail with credit for time already served. She was also ordered to pay \$1,000 restitution.

She was cited on Oct. 14, 1988.

Chris French, 22, from a state correctional facility, demanded preliminary examination to a charge of malicious destruction of property over \$100. No bond was set.

Clifford Perry, 20, of Carson City, was bound over to circuit court on a charge of escaping prison. No bond was set.

Obituaries

Jess Birtcher

Jess L. Birtcher, 64, of Grayling, passed away on Saturday, October 14, 1989, at Mercy Hospital. Funeral services will be held Wednesday, October 18, 1989 at Sorenson Funeral Home, McEvers Chapel, Grayling, at 2:00 p.m. with President David J. Stephenson officiating, with burial in Elmwood Cemetery.

Mr. Birtcher was born in Roosevelt, Utah, on March 31, 1925, to Jesse C. and Estella (Thomas) Birtcher, both deceased. He married the former Doris Heath on June 2, 1947, in Reno, Nevada, and had been a resident of Grayling since 1976. Before moving to Grayling he

had lived in Newberry, where he lived for 12 years. Prior to that he lived on the West coast. Mr. Birtcher had been in lumber industry management for 42 years, most recently as the owner-general manager of AJD Forest Products, Grayling.

He is survived by his wife Doris, of Grayling, two daughters: Ann, and husband, Dave Stephenson, and Pam, and husband, Fred Fisher, all of Grayling, two sisters: Uiah Conrad, of Salt Lake City, Utah, and Edna Hardinger, of Neola, Utah, and six grandchildren.

The family suggest memorials be made to the LDS Boy Scouts, Midland, Michigan Stake, P.O. Box 2102, Midland, Michigan 48601-2102.

Anna Lozon

Anna Lozon, 82, of Frederic, passed away on Saturday, October 14, 1989, at Mercy Hospital, Grayling. Funeral services were held on Tuesday, October 17, 1989, at Sorenson Funeral Home, McEvers Chapel, Grayling, at 10:00 a.m. with the Reverend Michael Conner officiating. Burial was in Oakwood Cemetery in Oakville.

Mrs. Lozon was born in Missaukee County, Michigan, on July 18, 1907, to William and Rose (Leggett) Cotter, and had been a resident of Frederic for 60 years. She and her husband owned and operated the General Store in Frederic for many years before retiring. Surviving relatives include a grandson, John Lozon, of Indiana and nephew and niece, Art and Elene Lozon of Grayling.

She was preceded in death by husband, Robert J. Lozon in 1972, daughter, Anita, in 1975, and son Robert W. in 1979.

George Cosgrove

George F. Cosgrove, 86, of Grayling, passed away at Mercy Manor, Grayling, on Friday, October 13, 1989. Funeral services were held on Monday, October 16, at Mount Hope Lutheran Church, Grayling, at 2:00 p.m. with the Reverend Daniel Lochner officiating. Committal services were conducted at 2:00 p.m. Tuesday, October 17, at White Chapel Memorial Cemetery, Troy, Michigan. Arrangements were handled by Sorenson Funeral Home, McEvers Chapel, Grayling.

Mr. Cosgrove was born August 28, 1903, to Frank and Rosella (Arnold) Cosgrove, both deceased. He had been a resident of Grayling for 15 years, and was a retired accountant for Michigan Bell Telephone Company, and had lived in Royal Oak, Michigan, prior to his retirement.

He was a member of Michigan Bell Pioneers and Mount Hope Lutheran Church.

He is survived by his wife Leona W. (Trapp) Cosgrove, of Grayling, 1 daughter, Nancy Hubbard, of Shepardsville, West Virginia, 1 sister, Kathryn Wellman, of California, 3 grandchildren and 1 great grandchild. Memorials to Mount Hope Lutheran Church are suggested by the family.

Correction

Forrest Charles Stott plead no contest to a charge of disorderly person by obscene conduct. The Avalanche erroneously published Stott plead guilty to the charge in our October 12th issue. The Avalanche apologizes for the mistake.

James Crawford

James Walter Crawford, 62, a resident of Royal Oak for 40 years, died Wednesday, Oct. 4, 1989, at Crittenton Hospital, Rochester Hills. He was born May 5, 1927, in Flint.

Mr. Crawford served in the U.S. Navy in World War II and was a member of the American Legion Post, Clawson. He married Betty Wimple on June 19, 1948, in Grayling.

He was a bricklayer for 42 years and belonged to Local 2 of the Bricklayers' Union.

Surviving are his wife; sons, James, Grayling, and Michael, Royal Oak; daughter, Jill, Royal Oak; mother, Mabel Crawford, Grayling.

brothers, Lloyd, Grayling, Ted, Lima, Ohio and Glenn, Trenton Mo.; sisters, Anita Myer, Troy, and Norma Francisco, Bloomington, Fla., and three grandchildren.

Vikings Beat Roscommon in OT

Grayling outscored Roscommon 9-4 in overtime to knock off their southern rival last Thursday night, October 12. The game had been close all night. At the end of regulation time the score was tied 5-5, but at the end of the three minute overtime it was all Grayling, 64-59.

"Roscommon is a good team," said Coach Howard Lehti. He said that coming in to Thursday night's game, Roscommon was undefeated in their conference (Jack Pine Conference) having lost one non-conference game with West Branch in double overtime at Roscom-

mon. Grayling shot 62 percent from the line, and had only 12 fouls compared to Roscommon's 20.

"Fouling has created some problems for Roscommon," Lehti stated. In the West Branch game Roscommon only had three players left on the floor.

"If I could put my finger on why we were so successful this week," said Lehti, "it would be that we played with a higher degree of intensity." He said Grayling's defense is moving better, their rebounding position has improved, and they are getting the ball into scoring position more quickly and then attacking the basket.

"If we are going to be successful in the second half of the season and keep the winning edge," he said, "we are going to have to get down the floor and take our shot before the other team gets set up."

Melanie Ojala led her team in scoring with 22 points. She shot 7 for 9 from the line, had 8 rebounds

Heather Stephenson

and 7 assists. Three of Ojala's shots were 3 pointers. She leads the conference in 11. Her nearest rival for the title has 3.

Other points were made by: Nikki Morrill with 14, 3 rebounds and 3 assists; Nikki Trenary 13, 7 rebounds and 4 assists; Michelle Burcham 8, 11 rebounds and 2 assists; and Heather Stephenson 7, 6 rebounds and 6 assists. Stephenson shot 5 for 7 from the line.

The rebounding effort was aided by Janet Bickford and Claudine Allen.

The game with Roscommon was not a conference game. It was no threat to the varsity's second place rating in the conference, yet the girls played

one of their best all-round games, and the fans erupted in cheers and applause that continued with horns honking all the way into Grayling.

The varsity girls hosted Cheboygan earlier in the week, and sent them home empty handed, having defeated them, 76-55.

Grayling jumped out to take a 20-9 lead at the end of the first quarter. The scoring in the second quarter was fairly even making the half time score 36-24, Grayling. The second half belonged to Grayling.

"Cheyboygan is a good team," Lehti stated. He said they lost to the Soo by only five points at home and it took Gaylord overtime to beat them at Cheboygan.

"The bench is really becoming a factor for the Grayling team," said Lehti. "As the intensity has picked up, so has the fatigue level for the starting five. This week the bench has been called upon numerous times and has responded very well." Juniors are being given more floor time to both gain valuable playing ex-

perience and relieve the seniors.

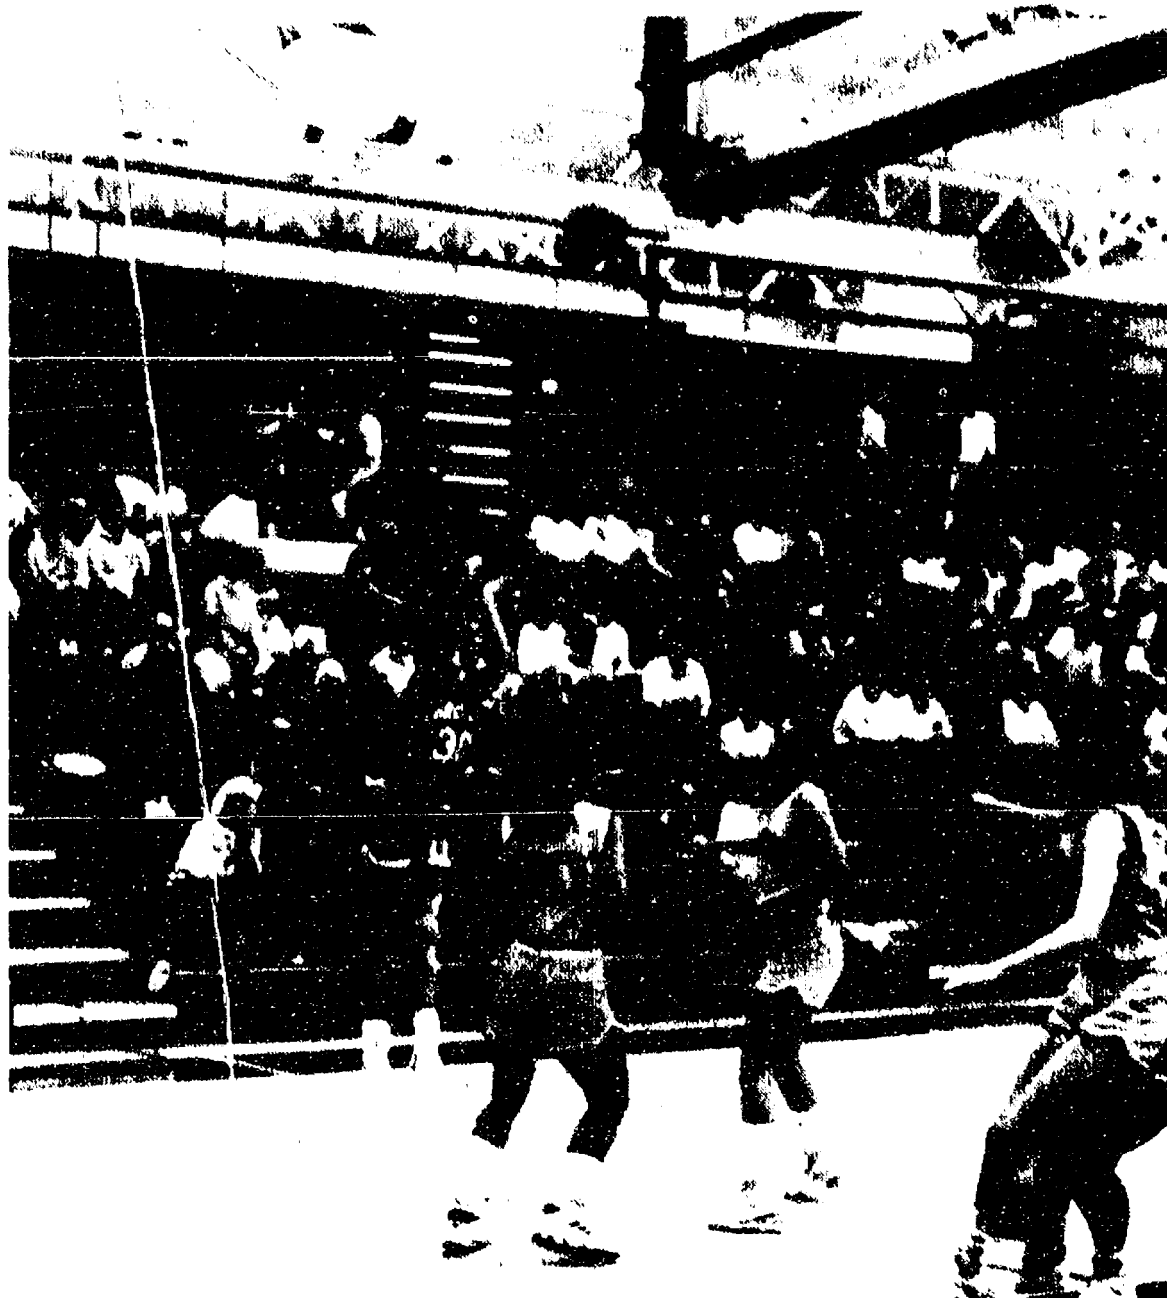

Heather Stephenson led her team in scoring with 27 points. She had 5 rebounds, 8 assists and shot 9 of 13 from the line.

Other points were made by: Ojala with 23 points (three 3 pointers), 9 rebounds and 5 assists; Burcham 12, 12 rebounds and 1 assist; Trenary 7, 5 rebounds, 3 assists; Anne Petroskey 2; Krista Wyman and Shannon Hinds 2; Margarita Perez 1, 1 rebound and 3 assists; Allen 2 and 3 rebounds; and Petroskey 2 rebounds and 4 assists and Janet Bickford 3 rebounds.

Grayling traveled to Rogers City on Tuesday, and will host the Soo on Saturday evening.

Grayling fell to Sault Ste. Marie in September by 15 points; however, Lehti said the Soo is not 15 points better than Grayling.

"At the Soo Grayling had 17 fouls to the Soo's 5," said Lehti, "and this time we will get to the line more often. We will definitely be ready for them Saturday night."

GREAT SHOT — Nikki Morrill, shown hitting an outside jumper, scored 14 points to help Grayling beat Roscommon in overtime.

JV's Lose Twice To Tough Teams

The Grayling J.V. girls lost both basketball games last week to two excellent teams. They played Cheboygan away on Tuesday, October 10, losing 72-34, and hosted Roscommon on Thursday, October 12, losing 47-28.

"Roscommon was an excellent shooting team," said Coach Dallas Hudson, "especially outside."

At the end of the first quarter Roscommon led Grayling by only two baskets, but by half time had extended their lead to 10 points, 25-15.

"Brenda Moshier played her best game of the season," said Hudson. "She dominated the boards getting 17 rebounds, but Roscommon doubled teamed her making it impossible to get the pass to her." Hudson said Moshier had to fight for every one of her 7 points.

Elissa Cox and Brenda Moshier led their team in points scored with 7 each. Other points were scored by: Andrea Austin 5 with 11 rebounds, Cindy Fedewa 3 with 4 rebounds, Terri Tope and Michelle Parker 2, and Tara Bertalan had 2 with 6 rebounds.

"Grayling lost last Tuesday to Cheyboygan, a superior ball club," said Hudson, "but still racked up a good game."

Hudson said Grayling hustled, rebounded and shot the ball well. Brenda Moshier was high scorer for the game with 16 points and 18 rebounds. Other points were made by: Austin 7 with 7 rebounds, Fedewa 6 with 9 rebounds, Cox 4 with 5 rebounds and Terri Tope with 1.

"Andrea Austin played a super game," said Hudson. "She is beginning to play all phases of the game: offense, defense and rebounding."

He said Brenda Moshier dominated the boards and is learning she can drive to the basket.

SPORTS FANS!

I Bet You Didn't Know

Brought To You By Laurie Schaefer-Alton

Which manager in baseball history managed in the most World Series?...Answer is Casey Stengel, who managed in 10 World Series and no one else has ever matched that.

Of all the men who've ever played baseball, which one hit the most World Series home runs?...Answer is NOT Babe Ruth...It's Mickey Vernon who hit 18 homers in World Series play...Ruth, by the way, had just 15.

Here's a surprising football fact...In the early days of football, touchdowns counted for nothing!...In those days, a touchdown merely gave a team the right to try to "convert" the touchdown into a score by kicking the ball through the goal posts...This feature is still retained in today's point-after-touchdown which is sometimes still called a "conversion".

Roscommon Press Hurts 8th Grade

By Nicole Gingerich
Roscommon played a one-three-one press to win 42-19 against Grayling eighth grade October 11. Grayling attempted to break the press, but couldn't.

The team was only losing by three points at the half when Roscommon started playing the one-three-one press.

Amy Furst said that Grayling had to learn how to break the press. Angie Mertes said,

"We could have won if they didn't play the press." Michelle Sampsel said, "We weren't playing as a team."

The high scores were Nicole Gingerich and Mande Micek with five points each. The rest of the scores were Suzy Lovely, four; Amy Anthony, three; Heather Binshehatal, three; Amy Furst, three; Jaime Andrus, one; and Angie Mertes, one.

Big Plays Make Vikings Winners 20-14

A-11 AVALANCHE, Thursday, Oct. 19, 1989

Grayling was tied with Sault Ste. Marie, 14-14, last Saturday, October 14, when late in the fourth quarter, on a fourth and one situation, Viking defensive end Todd Thorsen stopped the Soo about a foot shy of a first down, giving Grayling the ball on the 20 yard line. Grayling then drove 80 yards down field for the final touchdown of the game, making the final score, 20-14.

"A pass to Matt Spencer in a crucial situation and a 50 yard run by Dana Mirate put us in good field position on their 30 yard line," Coach Don Stowers explained. "A pass to Jim Abney took the ball to the one yard line, where Mirate ran it in for the winning touchdown."

Stowers gave credit to offensive blocking by Max Prosser, Jeff Edinger and David

Teddy for the success of this drive. Grayling took the lead in the first quarter on a 9 yard run by Mick McKinney. Andy Eriksson kicked the extra point.

In the second quarter Grayling scored on a fumble recovery by Mirate who picked up the ball and ran 50 yards for the touchdown. The fumble came when Branch hit the Soo's quarterback causing him to drop the ball. Eriksson kicked for the extra point. The score was 14-0, Grayling.

Late in the second quarter the Soo scored on a 28 yard drive. They missed the extra point, and the half time score was 14-6.

After a scoreless third quarter, with just under five minutes remaining in the game Sault Ste. Marie scored again, and made the two point conversion to tie the score, 14-14.

Grayling came back and with about a minute to go scored the final touchdown. Stowers said he felt good about the game with the Soo, not only

because Grayling won, but also because this was the first game where Grayling had been physically dominated for quite a long time, especially in the second half, had the opposing gain the advantage over them, yet was able to come back to win.

"I thought that was a good improvement in character," he said. "Defensive lineman Nate Ginter played probably as good as any defensive lineman has since I have been

in Grayling," said Stowers. "He was double teamed all night which freed up linebackers."

Andy Barkway, left corner, made several key tackles that kept the Soo from breaking loose for long gains. Branch and Abney played good offensive and defensive games.

Following the game, parents and members of the Booster Club hosted a hot dog roast for the team.

The Vikings will be hosting St. Ignace on Friday night. St. Ignace has a 3-4 record. Several of their injured players will be returning for this game, and Stowers said Grayling will have to play four good quarters to beat them.

Soo Trip Is Loss for JV's

The Grayling J.V.'s crossed the Mackinac Bridge last Saturday and found a tough aggressive Sault Ste. Marie football team waiting for them. The Vikings' defensive team was able to hold the Soo to 13 points for the three-quarters of the game, but were unable to score, losing 25-0.

"The Soo was a good team," said Coach Fred Wolcott, "and we did not play up to our capability. We let them take the game to us," he said. "They were more aggressive as a team, and we let them be more aggressive than we were."

During Sault Ste. Marie's first possession Matt Gingerich intercepted a pass and ran it back to their 35 yard line.

"We had a perfect opportunity to score, but we did not move the ball as we should have," Wolcott said.

"We usually like to run outside, but on Saturday, the Soo's line backers and

tacklers were quick," he said, "and we couldn't get outside on them." In short, Wolcott said his team did not sustain their blocks and play the way they did when they were winning.

The half time score was 13-0, and Grayling was able to hold them scoreless throughout the third quarter, but Sault Ste. Marie broke loose in the fourth quarter and scored two more touchdowns.

The J.V.'s will be traveling across the bridge again this Thursday to play St. Ignace.

Area Club Invites Local Rockhounds

At its September meeting the membership of the Roscommon Rock and Mineral Club voted a name change to the Mikenauk Rock and Gem Club. Since Mikenauk (pronounced MICK-e-naw) was the Chippewa Indian name for the north-central area of Jack Pine plains, it is a better representation of our expanding membership.

Crawford County rockhounds are cordially invited to join us.

This Thursday, October 19, we will meet at the Roscommon Community Center, State Street at South Avenue, at 7:30. Our speaker will be the Reverend Douglas Laur, currently president of the Jack Pine Rock and Gem Club at Hale, MI.

For further information, call Mary Jane Emery, 275-5579.

Old Kent Begins Statewide Banking

Old Kent Financial Corporation has become one of the first bank holding companies in Michigan to implement statewide reciprocal banking. This program will make banking more convenient for Old Kent customers by allowing them to perform most of their

routine banking transactions at 18 of the Corporation's 17 affiliate banks in Michigan.

Customers of Old Kent will also be able to make loan payments, transfers, deposits and withdrawals at 180 offices throughout the state. For example, a customer of Old Kent Bank of Grayling can now use Old Kent offices in Holland, Potoskey and other cities across Michigan.

In the past, banking regulations have prohibited transactions between affiliate banks.

Free Low Vision Clinic Here Oct. 23

The Michigan Commission for the Blind is sponsoring a free low vision screening clinic on Monday, October 23, between the hours of 8 a.m. and 3:00 p.m. The clinic will be held at the Crawford County Commission on Aging located at 308 Lawndale in Grayling.

The low vision clinic is designed to evaluate people who have been seen by an eye specialist, and who continue to have reduced vision which prevents them from reading normal print or seeing at a distance.

The clinic will also provide an opportunity for persons to be evaluated with low vision devices with an effort to help them utilize any existing vision.

Thank You

Thanks to my family, Dr. Shin, Dr. Valverde, nurses, friends and personnel for the good care. Also for the cards, flowers, love and prayers I received while at Mercy Hospital.

Local Rabbit Club Growing Rapidly

The fifth monthly meeting of the Twin County Rabbit Breeders Association will be at the Frederic Township Hall on Sunday, October 22, at 2 p.m. Membership has more than doubled since the first meeting in May with new members coming from South Boardman and Kalkaska.

An educational feature is part of each meeting, and the coming meeting will feature Donna Pratt of Frederic, who will demonstrate the construction and use of common everyday rabbitry equipment.

A show feasibility committee has been appointed who will explore the possibilities of sponsoring an A.R.B.A. rabbit show. The rabbit exhibitor has two major benefits. First, it provides publicity for the economic value for food, and an opportunity for growers to compete their stock,

Mary Beach, of Grayling, was one of only a few persons to pick Detroit to beat Tampa Bay and it helped her win \$50 for having 18 right.

Coming close this week with 15 right were Phillip Morell, Barse Cross, Mark Hartman, Al Cherven, Glen Hewitt, Mike Harmer, Alan Fagan, Michael Stuck, and John Meredith.

Oct. 14-15 game results

The week before the Avalanche made a mistake adding points for the overall contest. We were giving credit for Houston in the Houston-New England Oct. 8th game when New England was the winner. After the error was discovered, we went back and adjusted everyone's overall point total. Here are the revised totals including this week's contest for the leaders. (We file every contest entry form. Before a winner is announced at the end of the season, entry forms from the leaders will be checked again for total points.)

Overall leaders: Mike McNamara 90; Mick McNamara 88; Heidi Mead 87; Marie St. Germain 86; Heather Derenzy, Gary Derenzy, Steve Flick 85; Corky Hellebuyck and Arthur Thayer 84.

Bits of Talk

By Fay Bovee (348-7017)

Gary and Pat Swanson of Seminole, Florida, were home for their 25th GHS class reunion. They held a party at the Shoppenagon preceding the alumni dance on September 30. They spent from Friday to Monday with her parents, Gus and Sammy Williams. Sharon and Lewie Stinson and boys of Cadillac spent Saturday and Sunday with the Williams also helping Sammy celebrate her birthday on Sunday, October 1.

Bruce and Corrine Smith spent five days weekend before last in Lake Linden with her sister and husband, Arlene and George Stevens. Bruce did some fishing and bird hunting.

Volunteers from the Crawford County Museum enjoyed dinner together at the Iron Gate Restaurant on Saturday, October 7.

Mrs. Loretta Owens of Midland spent one week with her mother, Mrs. Cecile Savole. Rene Savole and his wife of Iron Mountain will be coming to spend a week with his mother.

Don and Dorothy Sorenson and her mother, Bea Smith, enjoyed a 4½ week vacation to the West Coast where they visited the Sorenson's daughter, Marie, husband Mark Howe and son, Ian. Marie and family have moved from Sequim to Snohomish, Washington, and are building a new home. On the return trip, the Soren-

sons visited the small Swiss-like town of Leavenworth, Washington.

Dane Madsen of Henderson, Nevada, spent four days over the first weekend in October visiting his parents, Whitey and Thelma Madsen, and his grandmother, Mrs. Leona Papendick. Toni Dyke and daughter, Stefany, of Amherst, Ohio, also spent two days on the same weekend visiting parents and grandmother.

Mrs. Evon Penny of Toledo visited her sister, Helen Harwood, for ten days. Her daughter, Sharon Schramm of Toledo brought her up and her son, Tom Penny of Walbridge, Ohio, came to get her.

Jan Bailey of Cincinnati and Mr. and Mrs. Wayne Kozuch of Auburn visited Jan's grandmother, Helen Harwood.

Kris (nee Larson) and her husband, Brian Dandy, have recently moved to Lewiston where Kris is teaching fourth grade in the Lewiston

Elementary School. Sandy Stanley, a former teacher in the Grayling Elementary School, is Kris' principal.

Maureen Hicks of Stanton was very pleasantly surprised for her 40th birthday which fell on September 28, 1989, when her mother, Mrs. Martelle Lietz, suggested that they drive to Ann Arbor for dinner. Awaiting in Ann Arbor was her sister, Kirsten Lietz of Ann Arbor, who hosted the party, and another sister, Laraine Lietz, who had flown in from Glendale, California, for the occasion. Laraine spent from Saturday until Tuesday in Michigan.

Bob and Eileen Chappell have returned from a trip to Brightwood, Oregon, where they went to attend the wedding of their son, Rob Chappell, to Pamela J. Hagler, daughter of Mr. and Mrs. Gordon Hagler of Jerome, Idaho. Bob and Eileen took six days driving out and the same coming home and did some sight-seeing along the way at Yellowstone, Mt. Rushmore and the Badlands. The rest of the family flew out for the wedding: Jim and Cindy Knibbs of Petoskey; Kathy Hudson of St. Claire Shores; Judy and Gary Lenn, Kim and Andy of Warren; Valerie Jones of Grayling; and a cousin, Bonnie Miller of Harper Woods.

Matilda Gildner was honored at her home

with a party given by her family to celebrate her 86th birthday on Sunday, October 8th. 80 family members and friends came to extend their best wishes.

Vivan Campbell shot a nice spike-horn buck while he and his wife, Ruth Campbell, of Grayling visited their son Leroy and wife Coralee Campbell of Alpena.

Don and Ernestine Palmer returned home after an extensive seven-week trip in their camper. After leaving Grayling they stopped in Marshfield, Wisconsin, to visit former Grayling residents, the Melvin Laitens. They stopped in LaVerne, Minnesota, where Don had previously worked before going on to Yellowstone, Mt. Rushmore, Wall Drug Store and the Badlands. In Richland, Washington, they spent a week with his son, Dan Palmer and family. They visited Mt. Painter, Mt. Hood, Mt. St. Helen, Port Angeles and Hurricane Ridge. They continued south to the Redwood forests and spent five days with her son, Steven Church, in Cameron Park, California, where he took them for a plane ride over Sacramento.

They visited Lake Tahoe and then went to Costa Mesa for a couple of days with his son and wife, Dave and Kathleen Palmer. Continuing through Arizona and New Mexico, they visited another son and wife,

the Doug Palmers in Austin, and her nephew and wife, Brian and Patty Stephan in Garland, Texas. From there they went to Williamsburg, Virginia, to visit a high school friend of Don's who was involved in the restoration of Colonial Williamsburg, where they also made a tour.

Recent reader questions on Michigan Lottery instant games are answered in this column.

Q. When will the Lottery have a new instant game?

A. "Joker's Wild" was introduced at all 8,000 instant game retailers on September 11. Q. Does this mean "Fame & Fortune" will end?

A. No. The very successful "Fame & Fortune" will continue for an indefinite period, so players will find two scratch-off games being sold at the same time.

Q. What's different about "Joker's Wild"?

A. All "Joker's Wild" prizes are cash and are paid by any retailer selling instant games, while "Fame & Fortune" features tickets showing three TV entry symbols offering a chance to appear on the weekly televised game show.

Q. How is "Joker's Wild" played?

A. Play in "Joker's Wild" is similar to that of previous instant games. A panel on tickets covers six hidden playing card symbols—9 through Ace plus a Joker. When scratched off, any three matching symbols win a cash prize. As the name states, Jokers are wild cards and combine with any two matching symbols to win.

Q. How much can I win in "Joker's Wild"?

A. Prizes range from \$2 up to \$100 with odds better than one in seven that a ticket will be a winner.

Q. Has the Michigan Lottery ever sold two games at the same time before this?

A. Only in isolated instances after a new game was introduced and retailers continued to sell tickets on the previous game until their supply ran out.

Q. Why are you starting it now?

A. While most instant players seem to like the chance to appear on statewide television, others prefer games in which they can collect prizes immediately. So now, as store posters indicate, we are offering them a choice of "One for the Money, and One for the Show."

Q. Who decides what kind of games will be offered?

A. It could be said that players do. Lottery officials constantly monitor sale of various instant games here and in other states while exploring new possibilities. Their decisions on the type of games to be offered are based primarily on indicated player preferences.

Q. Can we look forward to more new instant games?

A. The Michigan Lottery tries to keep all its games as fresh and exciting for players as possible. This undoubtedly will lead to continued periodic changes in its instant games.

For submitting the first question leading to this column, Marie Burchard of Eastlake will receive 50 "Joker's Wild" tickets. Note: When duplicate questions are received, that with the earliest date stamp upon arrival wins. In cases of a tie, the winner is selected by random drawing.

If you have a question not yet covered in these monthly columns, send it to "Winners Circle," Michigan Lottery, P.O. Box 38077, Lansing, MI 48909.

Win-Some Retreat Features Two Guest Speakers

The 18th annual Win-Some Women's Retreat will be featuring two guest speakers this year, Dr. Maxie Dunnam of Memphis, Tennessee, and Carol Kent of Port Huron, Michigan. Dr. Dunnam was World Editor of the Upper Room from 1975 to 1982, and since then he has been the Senior Pastor of the 4000 member Christ United Methodist Church in Memphis, Tennessee.

The second guest speaker will be Carol Kent who is the author of the book, "Speak Up With Confidence," and the founder and director of the "Speak Up With Confidence" seminars.

Registration forms, more information, and banquet tickets may be obtained by contacting your local area coordinator Maggie Priestop, 348-2146.

We've noticed a lot of Halloween decorations around town. Since I do not want to leave anyone out, I'll just say a big "THANK YOU" to all of you who have made the effort to decorate. We tried but someone immediately stole our pumpkins. We do hope they enjoy the pumpkin pie!

Gus Williams put a new roof on his house

this summer. Helen Harwood has had her house painted, and the Golden Touch in the business district has been repainted, stuccoed and is getting work done on the front. The house on the corner of Maple and Michigan also has a bright new coat of paint. It's good to see everyone keeping up their homes and businesses.

Local School Board, Teachers Endorse Proposal B

NOVEMBER 7 BALLOT ISSUES EFFECT ON CRAWFORD AuSABLE DISTRICT

	PROPOSAL A	PROPOSAL B
SALES TAX INCREASE	½ cent (4 to 4½ cents)	2 cents (4 to 6 cents)
PROPERTY TAX REDUCTION	None	Residential 40% reduction: 28.35 mills to 17 mills = 11.35 mill reduction Business 22.4 % reduction: 28.35 mills to 22 mills = 6.35 mill reduction
MILLAGE ELECTIONS	No change - millage still subject to renewal by the voters - no limit to future increase requests	Fixed millage (17 residential and 22 business) not subject to voter renewal. Limit of 4 mill increase subject to voter approval making a constitutionally set ceiling of 21 residential and 26 business mills
REVENUE PER PUPIL INCREASE	1990-91 — \$310 per pupil increase over 1989-90	1990-91 — \$350 per pupil increase over 1989-90

The Crawford AuSable School District Board of Education and the Crawford AuSable Federation of Teachers have both endorsed proposal B on the November 7th ballot.

Two proposals regarding the funding of K-12 education in the state will be on the ballot. Crawford AuSable Superintendent, Kent Reynolds, said the school board is not urging people to vote against proposal A, but they're saying proposal B is better.

Reynolds said proposal B would give Crawford AuSable more money than proposal A, it would end the operational millage renewal elections, and give a 40 percent property tax break to local residents.

Here's a look at how the two proposals would affect Crawford AuSable residents.

BPW Promotes Women, Community Enhancement

The Business and Professional Women's Club of Grayling (BPW) is the local group of the international organization, representing employed women in our community. It is an organization of employed women cognizant of promoting the status of women in the workplace and in the home.

The local group is involved in a number of projects and activities that enhances individuals as well as the welfare of the community.

They support the cancer fund and other charities.

They spearheaded and provided playground equipment for the local children's play area.

Have met needs for Kenquest House and Riverhouse Shelter.

Encourage, guide and support "Young Careerists."

Sponsor career shadowing for local students.

Community service projects provide food, clothing and a new toy for each child at Christmas time, servicing as many as 175 families.

BPW welcomes any women who are employed and are interested in enhancing their lives, not only in

the work place, but also in the home and in the community.

For more detailed information call Carol Hallett, 348-7287.

Carpenter Joins Puppet Team

Susanne Carpenter has been selected as a member of the 1989 Central College puppet share team called "Praise Puppeteers." Susanne Carpenter is the daughter of Joseph and Shirley Carpenter of Grayling. Carpenter is a sophomore Business Education major.

Praise Puppeteers will be touring throughout the mid-west during the school year. Central College is a two-year Christian liberal arts institution.

Carpenter has also been selected to sing with the Central College Concert Choir.

62 Attend Decker Reunion

The families of the late Mr. and Mrs. Francis P. Decker, long time residents of this area held their 6th annual family reunion at the home of Sue and Tracy Muth, on July 15, 1989.

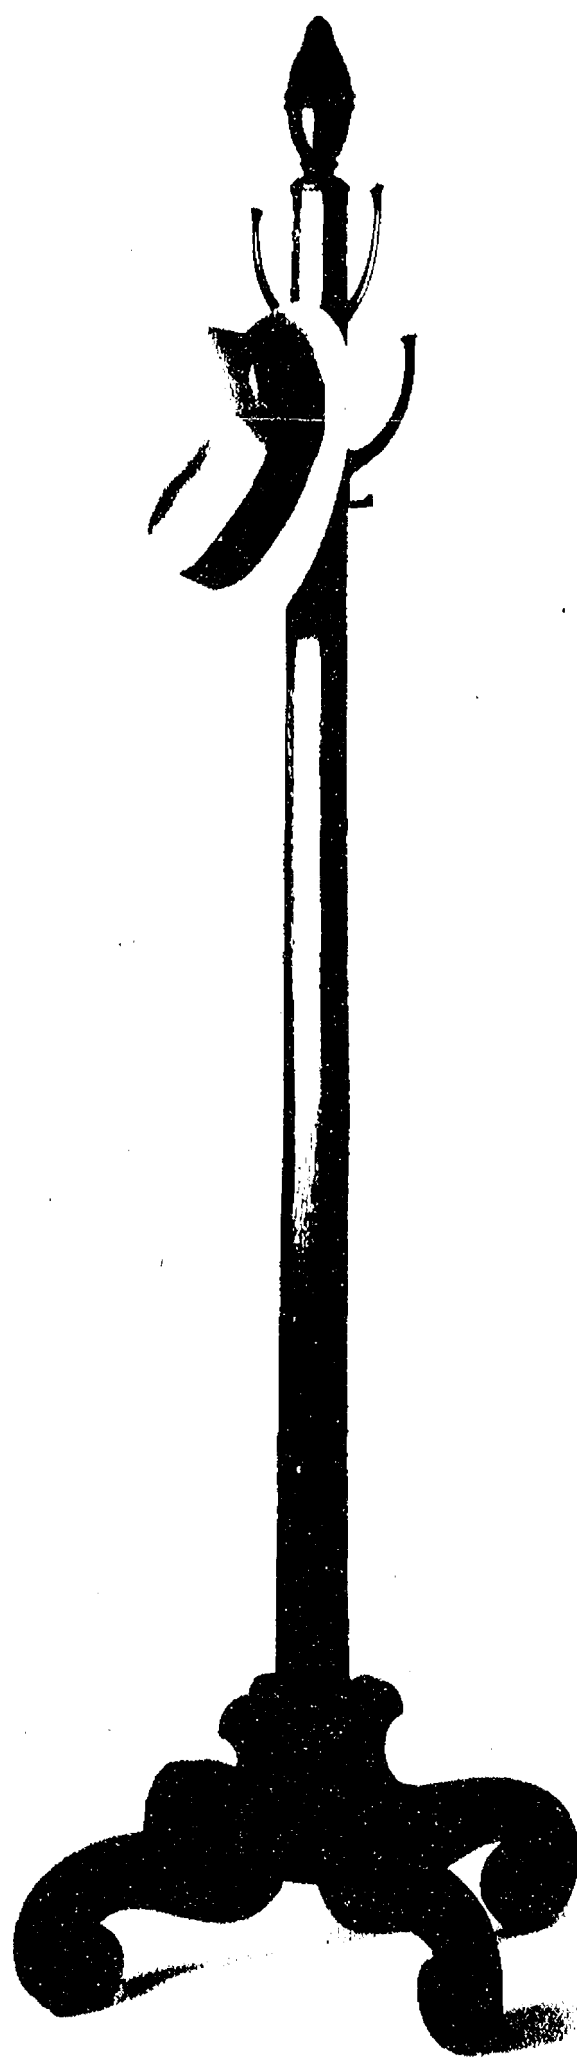

There were 62 people in attendance from all parts of Michigan including Grand Rapids, Grayling, Frederic, Marlon, Roscommon and Traverse City. Tracy Muth and Kari Eldridge arranged several games and everyone won prizes. Young and old alike enjoyed swimming.

After the potluck luncheon the minutes were read and awards were handed out as follows: Brittney Stoddard being the youngest, Chuck Stoddard was the oldest man, Laura Tinker was the oldest woman, and Fred and Gloria McCarthy traveled the farthest distance.

Following the awards a family auction was held. All items were donated by family members.

Nominations were held with Jim Stoddard being reelected as president and Judy Eldridge being reelected as treasurer. Charles W. Decker is our family historian.

Plans are already being made for next year's family reunion.

Now you can bank wherever you hang your hat.

Now you can use any Old Kent office in Michigan for your day-to-day banking just like you do our local branches right here at home. This means if you're out of town and want to make a deposit or loan payment, for example, you can go to any one of the 181 Old Kent offices across the state and make your transaction.

You'll still be able to do all your regular ActionBank24™ transactions at ActionBank24 machines throughout Michigan.

So now when you're away from home, your hometown bank will still be right around the corner.

GHS Music Students Attend Specialized Camps

By Nancy Lemmen
Seven Grayling High School band members attended music camps this summer to train under professional musicians and improve their musical skills.

Four of the students attended Blue Lake Fine Arts Camp near Muskegon, August 8-21: Adam Anger, sophomore; Anna Hagemeister, junior; Yolanda Rosi, freshman; and Jordan Stancil, sophomore.

Auditions were held on the first day of camp to determine the orchestra or band in which each student would perform. Of the 35 trumpeters who auditioned, both Adam and Yolanda were selected for Blue Lake's prestigious symphony orchestra,

placing second and fourth trumpet respectively.

Anna was chosen to play French horn in the symphonic band, which is the top band at Blue Lake.

Jordan, who was enrolled in the piano program, was selected as one of the top four out of 17 students. He performed "Menuet sur le nom de Haydn" by Maurice Ravel in a special recital on the final evening of the camp.

Three other GHS band students attended summer camps. Chad Ormsbee, sophomore, enrolled at the Fred Miller Camp for special training in auxiliary units. Chad will use his training in his role as the 1989-90 Band's drum major.

Gretchen Dice, freshman, and Rachel Paulsen, sophomore, attended a double reed camp at Hope College in Holland. Gretchen plays the oboe, and Rachel the bassoon. "The experience was

incredible," said Adam, who added that he hopes more students from Grayling will attend next year.

Both he and Yolanda have already received \$195 scholarships from Blue Lake for next

summer's camp. This summer, they were awarded \$100 from the Viking Band Boosters to attend camp.

The GHS band program is under the direction of Dennis Ormsbee.

ATTEND BAND CAMP — (L-R) GHS students attending camps were Jordan Stancil, Yolanda Rosi, Adam Anger, Rachel Paulsen, Chad Ormsbee, Gretchen Dice, and Anna Hagemeister.

Local Youth Train At Space Academy

Andy Creps and Peter Iverson of Grayling, trained for a space adventure, explored the future of scientific exploration, and earned college credit at U.S. SPACE ACADEMY Level II, aerospace track, in Huntsville, Ala.

SPACE ACADEMY trainees in grades ten, eleven and twelve, sample astronaut training by using SPACE ACADEMY's special astronaut training simulators. They spin and twist in the Multi-Axis Training Simulator, an adaptation of early Mercury program training equipment.

Trainees also bounce high in the air while experiencing the

Microgravity Training Chair, which is similar to equipment Apollo astronauts used in training for missions to the Moon. They also spin and turn in the Five Degrees of Freedom Trainer, which was used by Gemini astronauts preparing for early spacewalks.

SPACE ACADEMY Level II trainees use the nation's only full-scale Space Shuttle exhibit to get a better understanding of how the shuttle works. Then they use SPACE ACADEMY's realistic mission control and Space Shuttle orbiter mockups for training leading to a simulated 24-hour space mission.

Help Offered For Alcohol, Drug Abusers

Monday Evening, October 23, at 7:30 p.m. the Bishop's Task Force on Substance Abuse will meet at St. Mary's Learning Center off Lake Street. No movie will be shown this month to allow more time for discussion, as requested. Family members of alcoholics or drug abusers are encouraged to join in. You will be welcome as will those fighting the battle personally.

Entered into an amended agreement creating a recreation authority under Act 156 - 1957 recognizing the City of Grayling's withdrawal from the Authority and increasing the Member-At-Large Membership to three.

Approved the amended project plan as submitted by the EDC for the Weyerhaeuser Project.

Eliminated the Watts lines for long distance phone calls and discussed various other ways to reduce phone bill.

IN OTHER ACTION, COMMISSIONERS:

Were informed the ambulance accounts receivable for 1989 are over \$54,000.00.

Listened to a report on jail happenings. Sheriff stated Mr. Smock has done a good job on education and counseling in the jail. The Dept. of Corrections reviewed the jail menu and passed

it - an inspection was also made. The Dept. of Corrections is gradually increasing responsibilities of counties. We need a clear indication of the separation of powers between the executive, legislative, and judicial branches of government.

Reviewed cost estimates for recording equipment in the new Probate Court room. Additional prices on a Sony system will be obtained.

Were informed that prisoners are being transferred back to counties from state facilities because it is cheaper to pay the counties the \$36.00 per day for room and board. Caution is advised because recreation facilities are required.

Heard brief up-dates from various other committees.

TO THE GAS CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY AND INTERESTED PARTIES

The Following is Published by Direction of the Michigan Public Service Commission in Case No. U-9434
NOTICE OF HEARING

On September 28, 1989, Michigan Consolidated Gas Company (MichCon) filed an application with the Michigan Public Service Commission (Commission) seeking approval of a gas cost recovery (GCR) factor of \$3.61 per thousand cubic feet (Mcf), a system supply entitlement charge of \$.5921 per Mcf and an excess pipeline cost charge of \$0.00 to \$0.10 per Mcf, to be reflected in its monthly billings to its retail gas customers commencing with the January 1990 billing month and continuing through the December 1990 billing month. MichCon's proposed monthly GCR factor includes rates expected to be paid to its interstate suppliers to allow them to recover certain take-or-pay costs plus interest.

MichCon is a Michigan corporation with principal offices located at 500 Griswold Street, Detroit, Michigan and is engaged in the distribution and sale of natural gas to approximately one million residential, commercial and industrial customers in Michigan.

As defined in 1982 PA 304, a "gas cost recovery factor" is "that element of the rates to be charged for gas service to reflect gas supply costs incurred by a gas utility and made pursuant to a gas cost recovery clause incorporated in the rates or rate schedule of a gas utility." A GCR Clause has been incorporated in MichCon's rate schedule, as Rule 30, pursuant to the Commission's Order in Case No. U-7479 dated September 20, 1983.

In support of its application, MichCon filed testimony and exhibits with the Commission giving details of its GCR Plan, including descriptions of the major contracts and gas supply arrangements entered into for the purpose of providing gas service during calendar year 1990, and its five-year forecast of the gas supply requirements of its customers, its anticipated sources of supply and projections of gas supply costs in light of its gas supply purchase plan.

MichCon's filing, including its testimony and exhibits, is available for inspection at the offices of the Commission's Executive Secretary, 6545 Mercantile Way, Lansing, Michigan, and at the offices of Michigan Consolidated Gas Company, 500 Griswold Street, Detroit, Michigan.

A Utility Consumer Representation Fund has been created for the purpose of aiding the representation of residential utility customers in energy proceedings. Further information may be obtained from the Chairperson, Michigan Utility Consumer Participation Board, Department of Management and Budget, P.O. Box 30026, Lansing, Michigan 48909.

Jurisdiction is pursuant to Sections 1, 2, 6, 7 and 8 of 1909 PA 106, as amended, MCLA 460.551 et seq.; 1909 PA 300, as amended, MCLA 462.2 et seq.; Sections 3 and 4 of 1919 PA 419, as amended, MCLA 460.51 et seq.; Sections 4, 6, and 6a of 1939 PA 3, as amended, MCLA 460.1 et seq.; 1982 PA 304, MCLA 460.6a, 460.6b, 460.6c, 460.6d, 460.6e, 460.6f, 460.6g and 460.6h; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1979 Administrative Code, R 460.11 et seq.

NOTICE IS HEREBY GIVEN that:

A. A public hearing in this matter will be held at 9:00 a.m. on November 2, 1989 in the offices of the Commission, 6545 Mercantile Way, Lansing, Michigan. The hearing will be in the nature of a prehearing conference and will be held for the purpose of considering matters which will expedite this proceeding. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

B. Any person seeking to intervene in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission shall file with this Commission, on or before October 27, 1989, an original and 12 copies of a Petition to Intervene, with a Proof of Service indicating service upon Mr. A. Hayes Butler, Office of General Counsel, Michigan Consolidated Gas Company, 500 Griswold Street, Detroit, Michigan 48226.

Subparagraph (2) of said Rule 11 provides as follows:
"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the commission of the specific issues of fact or law to be raised or controverted." (Emphasis added)

The Commission will require strict compliance with the above quoted rule. "THE GAS COST RECOVERY FACTOR DESCRIBED IN THIS NOTICE HAS BEEN REQUESTED BY MICHIGAN CONSOLIDATED GAS COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY APPROVE, REJECT OR AMEND THAT FACTOR."

Smith-Rasmussen VWed

Margaret (Peggy) Smith and John Rasmussen II were united in marriage on September 2, 1989, at the Camp Grayling Chapel. The ceremony was presided over by Pastor Walter Skrine of Bear Lake.

Peggy is the daughter of Harold and Emily Smith, and John is the son of Jack and Joan Rasmussen, all from Grayling.

Mrs. Sandy Barnard, Artman, friend of the bride, was matron of honor, and Joel Rasmussen, brother of the groom, was best man.

The afternoon reception was held at the Officer's Club immediately following the ceremony. The flowers

arrangements for the wedding and reception were done by Mrs. Diana Bonkowski, sister of the bride. The three-tiered wedding cake was made by Mrs. Jan Cragg, aunt of the groom, and the

luncheon buffet was catered by Gar Bourrie.

Guests out of town were from Ohio, Detroit, Grand Rapids, Petoskey, and Gaylord.

Thank you

Thank you City of Grayling Fire Department, Police Department, and Jerry Morford for being efficient and considerate on September 29th, the day our house burned. Thanks to the many relatives and friends who helped, and offered help. We appreciate the amount of kindnesses shown. Thank you all.

The Bible Speaks

From Calvary Baptist Church

The Gospel of John Part #100 Betrayed in the Garden

The gospel of John shows our Lord Jesus Christ as God in control even during events leading up to his death by crucifixion. Jesus prepared the setting for His betrayal by going to the garden of Gethsemane. "When Jesus had spoken these words, he went forth with his disciples over the brook Cedron, where was a garden, into the which he entered, and his disciples." (John 18:1). While it was the custom of Jesus to go there after spending the day in Jerusalem, it was also the place Judas would expect to find Him. "And Judas

also, which betrayed him, knew the place: for Jesus oftentimes resorted thither with his disciples." (John 18:2). On schedule, Judas arrives to betray Christ to the enemy. "Judas then, having received a band of men and officers from the chief priests and Pharisees, cometh thither with lanterns and torches and weapons." (John 18:3).

Our Lord Jesus Christ in calm resolution and in divine majesty presented His person for betrayal. "Jesus therefore, knowing all things that should come upon him, went forth, and said unto them, Whom seek ye?" (John 18:4). As God,

He knew He must die a voluntary sacrifice for sins to accomplish our atonement and salvation. It was probably at this time that Judas came forward and betrayed the Lord Jesus Christ with a kiss. (Matthew 26:48, 49).

"They answered him, Jesus of Nazareth. Jesus saith unto them, I am he. And Judas also, which betrayed him, stood with them." (John 18:5). In this discourse Jesus Christ reminds all those who came to arrest Him that Jesus of Nazareth was and is the "I am" Jehovah God of the Old Testament in human flesh. This shocking claim of Jesus Christ was spoken with such

divine authority it left the multitude temporarily incapacitated on the ground. "As soon then as he had said unto them, I am he, they went backward, and fell to the ground." (John 18:6). The word "he" in the above verse is added in italics. It was the declaration "I am" which overwhelmed this armed group. (Read Exodus 3:13, 14).

It was this "I am" claim by Jesus Christ in John 8:58, 59 which caused the religious Pharisees to attempt to stone Jesus Christ. This was the charge leveled against Jesus before Pilate. "The Jews answered him, We have a law, and by our law he ought to die,

because he made himself the Son of God." (John 10:30).

Today, those who reject Jesus Christ as the "I am" God who died for the sins of His people, must face eternal death for their own sins. (John 8:24).

Kitten Up A Tree

Puffy has a problem. She's much better at climbing trees than she is at getting down again. Usually, someone has to get a ladder and bring poor Puffy back to earth.

People share Puffy's problem. Their fears are forever driving them to do what they can't undo. They run away from reality only to wish they hadn't. We have even coined the idiom "up a tree" to denote the dilemma of a situation from which we cannot free ourselves.

With people, it takes more than a ladder to solve the problem.

Through the centuries we have found Faith an answer to fear. Our churches cultivate courageous Christians. For with confidence in God comes confidence in ourselves.

The person who knows they are never alone doesn't run away.

Hunting

By Joe Murphy

Sorry about the mix up in the columns. I grabbed the wrong one out of my files for last week. I sure hope you made it out of the woods ok. I sure can't afford to lose a reader. But I left you in good shape with fire, shelter and a deer to gnaw on, so you should have come through with banners flying. I think a lot of us are guilty of taking the woods too lightly, when we go into the woods we should be prepared to spend a night or two, not only because we might get lost but injury is always possible. A fall, with a bad sprain or a broken leg could keep us in the woods till help came. I would like to see someone make a survival vest. Most of us wear a blaze orange vest to comply with the law anyway. I would like to see one made with a lot of pockets to hold some or all of the items we'd need to survive a day or two in the woods. Some of the things I can think of would be a compass, a lighter or wet proof matches, aluminum foil, water purification tablets, dried food, high energy candy, and a space blanket. With those items I could spend a night or two in the woods with no sweat.

A few more items about getting lost, if you hunt with buddies work out a signal system. Like if one of

you are lost you will fire two shots at a certain time after dark. If you need help, fire three shots etc. Be sure to tell someone where you're going or at least in what direction, so that if a search is launched they have some idea where to start. First and foremost, don't panic. As the great F.D.R. said "we have nothing to fear but fear itself." The night you spend in the woods with a little embellishment will make a great story to tell your grandchildren. You can always add a few bears or something to make it good.

Let's jump with both feet right in the big argument among deer hunters. CAN ANYONE TELL A BUCK TRACK FROM A DOE TRACK? That

question has led to a lot of good flights and black eyes. Yes, I know you can, not just from a single track maybe, but there are other clues that might lead you to a good one. Remember buck and doe have different travel habits. Bucks tend to stand and look things over good before stepping out in the open. A couple of inches of snow makes it a lot easier, a doe seems to pick her feet up clean a buck drags his feet out his track. If you find where it urinated in snow no problem, cutforward buck, backward doe. A breeding buck makes a lot of scrapes on the ground, so a buck's front hooves are often rounded off more than a doe's. So it pays to look tracks over pretty good.

Verse or Worse

By Joe Murphy

Depression's Child

*When we think back to days of childhood
Recalling all the fun we had
We tend to forget what a living hell
It must have been for Mom and Dad*

*When a hard working man could find no work
To keep his children fed
It must have brought tears to his eyes
To send them hungry to their bed*

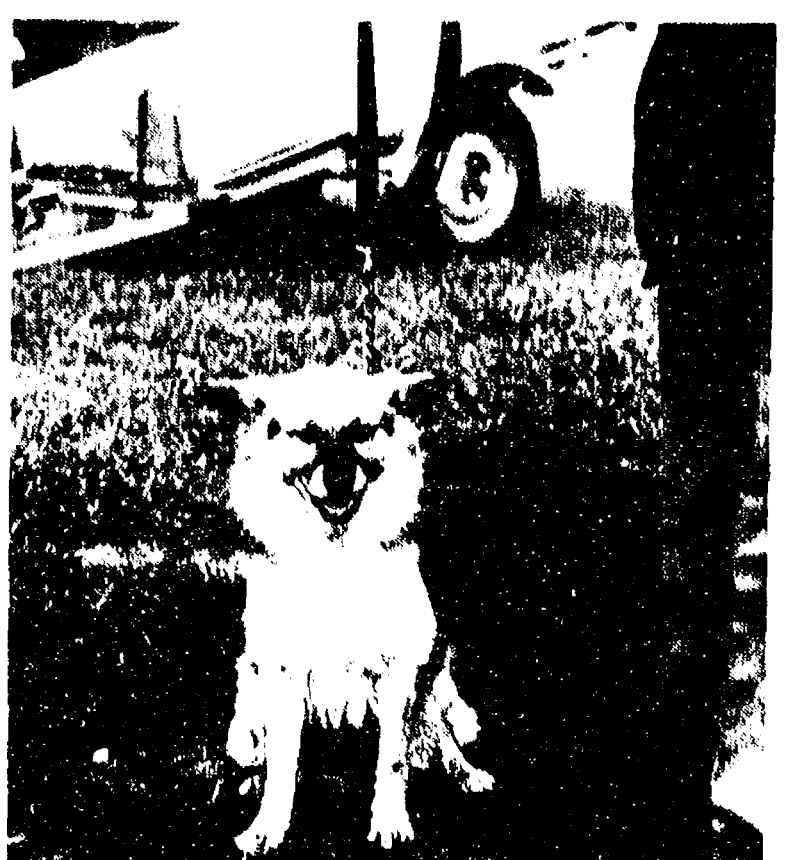

*When his children wore rags and hand me downs
As he searched in vain for a job
Then to go with bended knee to ask for help
Only to be called a shiftless slob*

*When they both struggled from dawn till dark
Trying to keep their children clothed and fed
They slaved to try to make ends meet
But there was no way to get ahead*

*A man would work hard ten hours
For the wage of a dollar a day
Back then a man felt very lucky
To get a little work on the W.P.A.*

*But we children had known nothing different
We had never known a better time
We felt well off to have a penny
Untold wealth would be a dime*

*So when we think back on childhood
Recalling the great times we had
Let's never forget the work and pain
That they cost our Mom and Dad*

Resource Review

By Bruce Patrick
Conservation Officer

Perhaps midway through the waterfowl season is a little late to be discussing regulations, but with the best duck hunting yet to come, I thought I would pass on this information.

Again, the point system will not be used and a set daily bag limit of 3 ducks is imposed. Of these 3, no more than 2 mallards (only one hen), 1 black duck, 1 pintail, 1 redhead or 2 wood-ducks are allowed. There is no season on canvasback ducks. This substantially lowers the limit which was possible under the point system.

Other well known regulations cover steel shot, plugged guns, use

of motorboats, baiting and hunting devices. In addition there are some lesser known, or at least understood, regulations.

One of these requires that no person shall leave his/her ducks in the custody of another person unless they are tagged by the hunter with the following information: the hunter's signature, address, number of birds by species, date of kill and hunting license number. This means that even if another hunter takes your ducks to shore midway through your hunt, they must be tagged. A corollary regulation makes it unlawful for another person to accept or possess un-

tagged ducks. The Wanton Waste Section requires a person to make reasonable attempt to retrieve and include in the daily bag any migratory game bird he kills or wounds. This is a good law and should be expanded to all game animals.

Decoys may not be left overnight on any public waters and a blind placed on any public waters must have the name and address of the person who put it there.

Migratory bird regulations are both federal and state and a violator can be cited into either federal or state court, or both, for any violation.

... about your Social Security

The Social Security Act provides several incentives for disabled people to try to return to work. One important provision is that certain impairment-related work expenses can be deducted from the person's earnings when Social Security is figuring eligibility for Social Security or Supplemental Security Income (SSI) disability benefits.

The cost of the impairment-related items may be deducted from earnings even if they are also used for daily living, in addition to being used for work. An example of this might be a wheelchair. However, Social Security must approve each deduction, and the amount.

Deductible expenses include the cost of medical devices, such as wheelchairs, braces, prostheses, hemodialysis equipment, and medical supplies, such as

catheters. Payment to an attendant for help in getting to and from work is also deductible (although special rules apply when these services are provided by family members), as is payment for an interpreter for the deaf.

Certain unusual transportation costs, such as modification to a vehicle, and other work related equipment such as typing aids, or special tools may be deductible. Also, ramps and railings added to the person's home to improve mobility may be

considered an impairment related work expense. The same applies to drugs and related medical services.

To qualify as a deductible expense, the item must be paid for by the beneficiary, and it must be approved by Social Security as an allowable deduction.

For more details, ask Social Security for the free booklet about benefits for disabled people who return to work. Call toll-free 800-284-555A.

A Look At Our Past

23 Years Ago

October 13, 1966
Pfc. Donald A. Smith Jr., son of Mr. and Mrs. Donald Smith of Beaver Creek, was killed in action in Viet Nam on October 4, 1966. He was drafted into the Army November 3, 1965.

Sixty miles of the Manistee River in Crawford and Kalkaska Counties were poisoned by the Fish Division of the Michigan Conservation Department. Regional Fish Biologist Buddy Jacobs said the poisoning began at Cameron Bridge on County Road 612 west of Frederic. The entire project took about 55 hours to complete, and finished down stream at the M-66 bridge.

Conservation officials said by poisoning the river, they hoped to eliminate the rough fish in order to restock the stream with trout. Tommy LaMotte, son of Mrs. Walter LaMotte, who was stationed near Cam Rahn Bay Viet Nam, was promoted from Private First Class to Sp.4.

The Grayling Fire

Department was called out at 9:30 a.m. on Wednesday, October 5, to fight a fire at the Arrowhead Inn on I-75 Business Loop. Department spokesmen stated that it was believed the fire started from a cigarette disposed of in the trash. There was extensive damage by fire in the kitchen and smoke damage throughout the building.

Bob Ashman, son of Mr. and Mrs. George Ashman of Grayling, was a new member of the Michigan State University's 175-man Marching Band. Mr. and Mrs. Fred Bear returned home from near Edmonton, Alberta. Mr. Bear had joined his wife and her sisters, Mrs. John Xan of Birmingham and Mrs. O.T. Thompson of Rice Lake, Wisconsin there after spending some time at Chulitna, Alaska, bow hunting for big game.

Hurl Deckrow passed away at Mercy Hospital on Sunday, October 9, 1966, where he had been since September 26th after he was hit by a car on Cedar Street at Ionia while crossing the street on foot. Mr.

Deckrow, 60, had been a lifetime resident of Crawford County.

leaves for training in the armed forces Friday.

Sgt. and Mrs. Willis Kobel of Elmira are rejoicing over the arrival of a 4 lb. 1 oz. son on October 10th at Mercy Hospital. The little fellow will be known as Henry Willis. His daddy, who is serving in the army and is stationed at Fort Sheridan, Ill., is here on furlough and is a guest at the David Knuth home.

Robert Lovely celebrated his 5th birthday Thursday and his mother Mrs. Richard Lovely entertained some of his little friends on the occasion. Games were played and Mrs. Lovely served ice cream and cake.

Corp. Melvin Nielson on duty at Camp Forest, Tenn., spent a couple of days at Grayling this week visiting relatives and friends. He had been on furlough visiting his parents, Mr. and Mrs. Otto Nielson in Lansing.

Mrs. Charles Melichar, for the pleasure of her daughter Anita, entertained eight girls and boys at eight o'clock supper, which was

followed by a theatre party at the Rialto Theatre. After seeing the movie the guests went to the Hanson Sporting Goods store and were treated to ice cream. It was a big day for Anita, who was celebrating her thirteenth birthday.

Ben DeLaMater was home from his work in Saginaw over the week end helping his family to get settled in the Mrs. George Biggs home, which they have rented furnished. They lost everything in the fire that destroyed their home early Thursday morning. Incidentally the DeLaMater home was an old Grayling landmark, where the Wright Havens family resided for many years, later leaving Grayling to reside in the west.

253 Attend GHS Alumni Homecoming Dinner

By Clara Sorenson

We had wall to wall covering at the K of C Hall on Saturday, September 30, as 253 persons attended our Annual Homecoming dinner. Reception started before 5:30 p.m. Greeters on hand were kept busy, namely, Ernie Balch '72 and his Mom, Boots Balch '31, Virginia Millikin '37, Russ Robertson '28 and his wife, Dagmar.

The program started with a welcome from President Bill Joseph. The Invocation was given by Ken Gothro. Before going to dinner we sang "God Bless America", led by Clara Sorenson and Carol Crouch, on the piano.

Buffet dinner service started somewhere between 7 and 7:30 p.m. Jim Bourrie and his family were ready with the usual, well prepared food.

To continue the program after dinner, Bill introduced our honored guest, Roger Kessler, and his wife, Phyllis, and his father, Jerome (and wife Billy), his

brothers, Jim (and Rose), Tom (and Georgia), uncle Keith (and Meta). He spoke briefly of accomplishments, which are many, with mention of favorable background experience from his life here in Grayling. He is a vice-president of Dow Chemical Midland, acting as Controller since 1981.

Recognition of Reunion classes was given by Clara Sorenson, Membership Secretary. Special recognition to our "Golden Class of '39", as they celebrated a 50th: Louise Feldhauser, Marion Skingley Duncley, Fred Westerholm, John Mathews, Alberta Knibbs Wiggins, Helen Isenbauer, Nellie Pynnonen Worsley, Paul Lovely, James Petersen, Bonita DeLa Mater Johnson, Erdine Larson Corwin, Marie Malloy McDonald, Don Corwin, Emil Tahvonen, Dorothy Swanson McClain, Jack McClain, (and spouses) 2 guests with them were Wendy Feldhauser Kucharek '73 and Grace Feldhauser '73, their

photographers.

Class of '24 observed a 65th: Finley Klingensmith, Rufus Edmonds, George Granger, Bernice McNeven Smith (and spouses). They are remarkable, they never miss coming to the dinner.

Class of '29 observed a 60th: Elmer Fenton, Lewis Konvicka, Steve Stephan, Francis Brady, Lillian Swanson Rutledge, Laura Knibbs Bertl, (and spouses). Their guest was Elmer's daughter, Carol '60. Every one of these alumni have been loyal supporters of our organization since it's beginning.

Class of '34 had only 2 observing a 55th: Don Kangas and Lucille Wheeler Kneff (and husband Roger).

The Class of '44 celebrated a 45th: Bob Bugby, Gerald Burns, Jeanne Hanson Thompson, Gordon Thompson, Irene Tahvonen Fiebing, Clyde Anthony, Cloria McDaniels Nielson, Wilma Feldhauser Roth, James Kolka, Allan Stevenson, Howard DeLaMater, Patricia Chappel Stirm, Dorothy Smith Sorenson, Nelle Welsh

Maharg, Leo Palmer, Jane Milnes Rosin (and spouses). Guests with them, Bob Bennett, Eugene Corwin, Dolores Kinsora, Sandra Burns Kakanen '71 and husband. We hope they all come again.

The Class of '54 celebrated a 35th. Their class president was Roger Kessler, Rita Visnaw McEvers, George McEvers, Caroline Long Hall, Carl Hatfield, Marilyn Vincent McClain, Shirley Canfield Hatch, Phyllis Randolph Bond, James Bond, Marvin Bielski, Rita Sorenson McClain, Jackie Hunter Lepay, Greta Rasmussen Chapp, Dick Dunham, Larry Pond, Sue LaGrow Canfield, Joanne Korhonen Howes, Nancy Sorenson Cox, Jim Klein, Sylvia Robertson Kraus, Donna Horning Gardner. (and spouses). Guests of the class were John Niederer and Larry Ashton (and spouses), Barbara Nelson '50 and friend. This is the class that revived the Year Book, after many years without one.

The class of '59 celebrated a 30th: Diana Blaine

Doremire, Phillip Fausstman, Clara Gibbs, Christine Lutz Brooks, Kay Warner Leslie, Maryda Stillwagon Mead, Pat Cox, Darla Hoger Moore, James Kessler, Joe Roznek, (and spouses). Diana had extra cause to celebrate... her son, Tony, was crowned Homecoming King at the High School dance on Friday night.

The rest of us at the dinner were all very special people, too, and we will look forward to

our reunions. We like to recognize teachers, past and present in our schools who shape us into Alumni. We salute Jean Peterson Gothro '35, Beatrice Peterson Rowland '38, Marie LaMotte Akers '38, Carl Hatfield '54, Mary Joseph Knibbs '41, Evelyn Klein, Katherine Funck, Marilyn Joseph Stancil '67, George Stancil '68, Mike Gardner '66, Ruth Robertson, Barbara Nelson '50, Sandy Millikin '68, Faith Stripe, Joe Stripe,

former Superintendent, Elmer Fenton '29, Former Principal. There were a lot of teachers in attendance from other schools who are our Alumni. Every year we try to find students who will be going on into education when we give our scholarships. They are so important to our future, and so hard to find!

A lot of us finished the evening with a stop at the Middle School. It was marvelous to watch the activity.

That "old" new building was smiling, so was John. The class of '64 will long remember their 25th. So will we.

A bit of trivia: the first annual G.H.S. Alumni Dinner was held in the gymnasium of this old high school and 275 attended. Carol Wert served full chicken dinners at the tables.

It is enjoyable to remember. It is also time to look forward to another year. This has been a good one.

Class of '39 Celebrates 50th

This year's Golden class of Grayling High School had a two day celebration of their 50th Anniversary, the weekend of Sept. 30th. They met at 2:00 p.m., for an open-house, at the home of Helen Isenbauer Feldhauser.

Many of them had not seen each other since graduation. The weather was perfect, and much of the time was spent out of doors, while Grace Feldhauser, and Wendy Feldhauser Kucharek, (class of

1973), took many snapshots.

Present, were, Donald Corwin, Bonita De La Mater Johnson, Louise Feldhauser, Helen Isenbauer Feldhauser, Alberta Knibbs Wiggins, Erdine Larson Corwin, Paul Lovely Jr., Marie Malloy McDonald, John Mathews, Dwight Merrill, William Moshier, Jack McClain, Dorothy Swanson McClain, James Petersen, Nellie Pynnonen Worsley, Marian Skingley Duncley,

Emil Tahvonen, and Fred Westerholm.
